## ARTICLE I - ORGANIZATION

"GSL Slow Pitch Softball" shall be a sports division of the Global Sports League and shall be governed by the Constitution of the Global Sports League By-Laws of GSL Slow Pitch Softball, the GSL Slow Pitch Softball Rule Book, Directives, and Policies as issued from the Association's National Headquarters.

## ARTICLE II - TEAM ELIGIBILITY

Sec. 1. This Association shall be for amateur Slow Pitch players to compete as a team under an adopted set of administrative rules and playing rules.

Sec. 2. No team shall be allowed to compete in GSL sanctioned leagues or tournaments without paying their national and state team registration fees to the Association.

Sec. 3. A team must be composed of not more than 20 eligible players. Coaches or managers must be included in the 20 in order to be eligible to play.

Sec. 4. When a member of a team is called into the military, he may be replaced by any other eligible player. Players returning from active military service may be added to a team's eligible roster, provided the number of eligible players on the team's roster does not exceed the total number allowed at any one time.

Sec. 5. The cut-off date for adding players to a team roster shall be in accordance with rules set forth in these By-Laws.

Sec. 6. All teams that wish to compete in out-of-state tournaments sanctioned by the GSL must register and be classified by their home State Director.

A Tournament Director shall not accept an out-of-state team unless:

- i. The team has a roster online;
- ii. He contacts the team's home State Director to establish proper team classification;

- iii. He collects a team registration fee if the team is not registered;
- iv. He either registers the team online and forwards the registration fee to GSL or the State Director, as appropriate; or he forwards the registration fee to the State Director to register the team. Tournament Directors in violation of this rule shall be subject to sanction by the Association and the tournament which violated this rule shall not be considered sanctioned by the Association and the awarding of any advancement berth may not be honored.

Sec. 7. Male team rosters shall include only male players and female team rosters shall include only female players.

Sec 8. All playing rules incorporated into the Adult Program shall automatically be extended to include specialty programs of that gender.

### **ARTICLE III – TEAM CLASSIFICATIONS**

Sec. 1. Teams and individuals will be classified either by the Association’s National By-Laws or by their respective State Director.

Sec. 2. Teams not classified by the Association’s National By-Laws will be classified by their respective State Director. State Directors will decide on an acceptable method to control team rosters and classifications of all programs.

The main criteria for classifying teams is the overall strength of the team offensively and defensively regardless of whether the team has any home run hitters. Example: Depending on the strength of the offense and defense, a team with no home run hitters may be classified Major, “A,” “B,” “C,” “D,” or “E.”

The classification of all teams that are not moved up by the Association’s National By-Laws will be determined by the appropriate State Director or National Classification Committee. Teams are not exempt from being classified by their State Director or National Classification Committee according to the overall strength of the team simply because a national reclassification by-law does not affect their team. Note: The National Classification Committee has final authority on classification of all teams.

Sec. 3. A State Director has the authority to reclassify any team during the current season except when a team has been reclassified by the By-Laws or the National

Classification Committee. Note: National Classification Committee has final authority on classification of all teams.

Sec. 4. The winner of all Men's and Women's National or World Tournaments with 25 or more teams will automatically be required to compete the following year in the next highest classification.

- A. The top ten (10) percent of the finishing teams in Men's Class "C," "D," and "E," Women's Class "D," and Mixed Class "D" and "E" World Tournaments must compete the following year in a higher classification. NOTE: This includes teams that are tied with teams finishing in the top 10 percent in order of their finish. All percentages are rounded up. EXCEPTION: Tournaments with fewer than 25 teams are exempt.
- B. The top three (3) finishing teams in the Recreational Division of the Black American World Tournaments must compete the following year in the Competitive Division of the Black American Programs.
- C. The top three (3) finishing teams in the Recreation Division of the Hispanic World Tournament must compete the following year in the Competitive Division of the Hispanic Program.
- D. The winner of all Church Competitive and Recreational National Tournaments with 16 or more teams from their classification will automatically be required to compete the following year in the next higher classification.

Paragraphs (A), (B), (C), and (D) also apply to teams that change their team name or sponsorship.

Sec. 5. Teams reclassified by the By-Laws must participate in their new classification for a period of one (1) year. Teams that fail to participate the following year will remain at the new classification until such time as they participate and meet the requirements below. Note: Any team reclassified by the By-Laws with four (4) or more players from the previous year's roster (Mixed teams are permitted a maximum of two (2) males and two (2) females) must participate in their new classification for a period of one (1) year; however, teams reclassified by the By-Laws may make an appeal to be reinstated to its former classification only after the team has played a minimum of four (4) tournaments for the Men's and Specialty Programs, and two (2) tournaments for the Women's and Mixed Program. Such an appeal can only be made between June 1 and July 1 and must be submitted on proper form, except the Mixed Program, which is no later than October 1st. For the Men's and Women's Program, the appeal must be made jointly to the State Director, applicable National Program Director, Vice President and Assistant Executive Director. If the team is part of a Specialty Program, the appeal must be made jointly to the State Director and applicable Program

Director (or applicable Vice President if there is no Program Director) and Assistant Executive Director. In the event the State Director and the Vice President is the same person, then the applicable Executive Vice President will become involved in the place of the Vice President. A decision on all appeals must be rendered within 10 days. Copies of the appeal decisions must be forwarded to GSL National Headquarters within 5 days after the decision is made.

Teams not reclassified by the By-Laws that want to appeal their classification may do so between December 1 and March 1 and/or June 1 and July 1. Teams reclassified by appeal between December 1 and March 1 may be reclassified by the State Director after the team plays four (4) GSL sanctioned tournaments or June 1, whichever occurs first. Teams appealing between June 1 and July 1 must have played in four (4) GSL sanctioned tournaments. Appeals must be filled out on an official GSL appeal form and submitted to the Division Vice President. The appeal will be reviewed by Division Vice President, Executive Vice President and Assistant Executive Director. Exception: Teams reclassified by the By-Laws, with extenuating circumstances, may appeal their new classification between December 1 and March 1. Respective State Director, National Program Director, respective Vice President and Executive Vice President and Assistant Executive Director.

Sec. 6. If a Men's Class "B," "C," "D," or "E" team has any combination of four (4) or more players who meet the following criteria, the team must participate in the new classification for a period of 1 year with the same restriction as outlined in Sec. 5 above.

- A. Players from any combination of teams moved up within the same classification. For example, Team One, Team Two, and Team Three have been reclassified by the GSL By-Laws from Class "D" to "C." A team comprised of 2 players from Team One, and 1 player from Team Two, and 1 player from Team Three must participate in Class "C" or higher for a period of one (1) year.
- B. Players from any combination of teams moved up within the same classification, plus players from the previous season of the same or higher classification of the team's new classification. For example, Team One and Team Two have been reclassified by the GSL By-Laws from Class "E" to "D." A team comprised of 2 players from Team One, plus 1 player from Team Two, plus 1 player who played "D" the previous season would be required to participate in Class "D" or higher for a period of one (1) year. Or a team comprised of 1 player from Team One plus 3 players who played "D" the previous season would be required to participate in Class "D" or higher for a period of one (1) year.

**Sec. 7. Co-ed Class "E" and "D" teams will NOT be allowed any drop-down players.**

#### **ARTICLE IV – INDIVIDUAL PLAYER ELIGIBILITY**

Sec. 1. A player is eligible to compete in the GSL program as long as he abides by the GSL Constitution, By-Laws, and Playing Rules, when listed as a member of an eligible team.

Sec. 2. The method to be used to classify a player as a participant in all programs will be governed by rules made within a State and the GSL Constitution and By-Laws.

Sec. 3. A player shall not compete in any sanctioned tournament of the Association with more than one team during the same tournament.

Sec. 4. A Tournament Director may not manage, coach, participate as a player or umpire in any tournament in which he serves as a Tournament Director.

Sec. 5. When a team qualifies for a State, National or World Tournament, including the World Series, the team roster will be frozen whether a team accepts the berth or not. The team roster becomes frozen immediately at the qualifying event. Players will be bound to this qualified team up to and including the conclusion of the team's respective State, National or World Tournament, including the World Series. A team may decline a National or World Tournament berth that is passed down. The team manager shall be allowed to add only six (6) players to the qualified team's roster. One of the six (6) players must be added prior to July 1st; one must be added prior to August 1st, and one must be added prior to September 1st. Other roster additions may be added as late as 72 hours prior to the start of the State, National or World Tournament. In case of an emergency, State Directors may authorize these additions within 72 hours of a championship event. Such additional players can only be added to rosters that have openings to allow for such add-ons. EXCEPTION: After the completion of National Tournament play, or after September 1st if the National Tournament is not held, teams that are advancing to World Tournaments may add up to two additional players to their roster provided they meet the criteria specified below.

A. All players added to qualified frozen rosters must meet the following requirements: Players cannot be on another qualified team's roster within the same program. NOTE: A qualified team's roster remains frozen until the conclusion of the highest possible tournament in that team's respective program. For example: In the Men's Class "A," "B," "C," "D," and "E" Programs, a qualified team's roster is frozen until the conclusion of all championship play in the Men's Program.

i. Players who are added to a roster of a qualified team must not have played for a team of higher classification during the current season within the same program. EXCEPTION: A State Director can

- approve a player dropping one classification. Players dropping more than one classification (e. g. class B to D) must have State Director and Vice President approval.
- ii. All roster additions must be approved by the State Director, or in his absence, the Vice President.
- B. A team manager may release up to six (6) players from his team's qualified frozen roster. A team manager may replace a released player with an add-on. No player will be allowed to be released from a qualified team's roster anytime after a team's first National Tournament. NOTE: Teams advancing to World Tournament play may release players after their National Tournament in order to make room on their roster for player additions as specified in Sec. 5 (a). Players released after National Tournament play may not be added to another team's roster.
- C. Any player that is released from a qualified team's roster cannot return to that team during the current season. A player may be released from only one qualified roster during the current season. Note: If a team applies for and is granted the status of disbandment (see Article IV, Sec. 6), this shall not count against a player as a release.
- D. Exception to Sec. 5. (a) and (c) above as follows:
- i. Teams advancing to the Men's Major World Series may add players as specified in these By-Laws as outlined in Article VI, Sec. 2.
  - ii. In the Mixed Program, teams may release players as late as 72 hours prior to the Mixed World Tournament. Players released 72 hours prior to the Mixed World Tournament may be added to another team's roster.
- E. Any exceptions to Article III, Sec. 5 above must be approved by the respective State Director and the appropriate Vice President.

Sec. 6. A team with a frozen roster with less than ten players which has used all options for additions and releases may apply for status of disbandment with the State Director. If approval is given, the team forfeits all berths and sponsor travel monies earned. A disbanded team may not reform with more than 9 players. Teams may not apply for disbandment after August 1st. A mixed team may not apply after September 15th. Note: Teams with frozen rosters that break up or that are not advancing to championship play may also apply for disbandment.

Sec. 7. Each year the Major Player National Committee, with the assistance of State Directors, shall compile a list of male players who will be classified as Major Players or Watch List Players. The list shall be completed by December 1st of each year and shall be posted on the Association's official website. Such posting on the official website shall constitute a notice to players, managers, and sponsors as to whom the Major

Players are for the new season. Any player whose name appears on the Major Players List or Watch List shall have the right to appeal the listing to the Major Player National Committee. Any such appeal must be made prior to April 1st.

Sec. 8. Only one Major Player from the Major Players List will be allowed on a Men's Class "B" Team roster.

- A. Any player whose name appears on the Major Players List shall not be allowed to play at the Men's Class "C," "D," or "E" level.
- B. Any player whose name appears on the GSL Watch List shall not be allowed to play at the Men's Class "C," "D" or "E" level.

Sec. 9. The Mixed Program shall feature four Divisions that will be called Mixed Major, C, D and E.

- C. Mixed D teams shall not be allowed to have any players who played on Men's or Women's B teams or higher during the current season. Mixed D teams will be allowed to have three (3) players who played on Men's or Women's C teams during the current season (this could be three male or three female players or any combination thereof, but only a total of three players). Note: Any exceptions must be approved by State Director and Division Vice-President.
- D. Mixed Class E Teams shall not be allowed to have any players who played on Men's or Women's C teams or higher during the current season. Note: Any exceptions must be approved by the State Director and Division Vice-President.

Sec. 10. A player who is in violation of the Association's Constitution, By-Laws and/or official playing rules and regulations shall be considered an ineligible player.

Sec. 11. Anytime during the game or after, if the Tournament Director discovers an ineligible player, he has the authority to apply penalties as described in the GSL Constitution, By-Laws, and Rule Book.

Sec. 12 – BLANK (mirroring USSSA by-laws))

Sec. 13. Anytime during a tournament game or after, or after the completion of a tournament, if an ineligible player is discovered up to one year from the tournament date, penalties may be applied as described in the GSL Constitution, By-Laws, and Rule Book.

Sec. 14. All sections under Article III shall apply to sanctioned GSL leagues if the league offers a National or World Tournament berth.

Sec. 15. Anyone who is a State Director, National Director, or National Officer of the Association shall not be eligible to participate in the program as a player, team manager or team sponsor in tournament play unless approval is given by the next higher level of authority.

Sec. 16. All players participating in adult GSL tournament play shall have photo ID available. Failure to do so will result in Rule 4, Sec. 11-A 4-5 of the GSL Rule Book to be applied. The offending team loses the game, is ejected from the tournament, placed last in the standings and forfeits all awards, sponsor travel money, and tournament berths that would have been awarded at the tournament. EXCEPTION: If the loss incurred by the offending team was its first loss of the tournament and if the player(s) in question can subsequently furnish a valid photo ID prior to their next scheduled game, the offending team may remain in the tournament.

Teams may play in a maximum of three State Tournaments (one in the same class and two in a higher class). Sec. 8. State Tournaments shall be scheduled to provide each team at least two games of participation. This can be changed at the site of the tournament, by the Tournament Director, after the start of the tournament and it is determined that it would not be feasible to attempt to continue on the double-loss plan due to weather conditions or other acts of God. A substitute plan will be decided upon at the tournament site. NOTE: This substitute plan may include using the One-Pitch Rule.

Sec. 9. Tournament Directors shall not be compelled to make refunds after the published tournament cut-off date regardless of circumstances.

Sec. 10. No change to a team's roster will be allowed after the team has begun play in its first game during a tournament.

This can be changed at the site of the tournament by the Tournament Director after the start of the tournament and it is determined that it would be feasible to attempt to continue on the double-loss play due to weather conditions or other acts of God. A substitute plan will be decided at that time keeping in mind what would be best for out of town teams. Note: This substitute plan may involve using the One-Pitch Rule. To the extent that the terms of this paragraph are unclear or ambiguous, the GSL Board of Directors in its sole and absolute discretion shall determine their meaning in a way that excludes those who might have participated in any law suit against the GSL. In its sole and absolute discretion, the GSL Board of Directors may commute a suspension under this paragraph, if it is determined in the Board of Directors sole and absolute discretion that there is no reason to believe that the Person will attempt to resolve any future dispute by the hiring of lawyers or the filing of a law suit or that the suspension is in any other way inappropriate for the best interests of the GSL. Rights of appeal for such suspensions/disbarments shall be governed by the Policy or Procedure which implements this authority to suspend/disbar for those who compete against GSL.

Sec. 8. The State Director upon learning that a Section 7 Act has resulted in a Section 7 Disbarment/Suspension within his state should in a timely manner report such in writing to the GSL National Headquarters.

### **APPEAL PROCESS PROCEDURE**

Sec. 1. Definition of an Appealable Issue, except where otherwise provided herein, an Appealable Issue shall be:

- A. Any sanction imposed or decision made that negatively impacts the appellant, but only to the extent that it violates the Association's Constitution, By-laws, Playing Rules, Directives, Policies and Procedures.
- B. Any aspect of an act of a Section 3 Act resulting in a Section 3 Disbarment/Suspension, unless otherwise identified as not appealable under the Association's Constitution.

Sec. 2. Appeal Policy for Section 1 Appealable Issue. All stages of the appeal of an Appealable Issue shall be in writing on appropriate forms supplied by the Association, and no substitution thereof shall be utilized. In such writing, the appellant (i.e., the person appealing) must specify on the appropriate form the specific relief he expects to obtain through use of the appeal procedure. Failure by the appellant to comply with all substantial procedural requirements of the appeal process procedure without just cause will terminate the right to further appeal. Failure of the Association to comply with all substantial procedural requirements of the appeal procedure without just cause will, at the option of the appellant, advance the appellant to the next step in the appeal process. Failure of the Association, without just cause, to comply with all substantial procedural requirements of the final step of the appeal procedure shall result in a continuing right to the final step in the appeal process. In those instances where an appeal is to an individual whose title is concurrent with the title of the person being appealed to in any given step of the appeal procedure, then that step shall be avoided and the next step shall be instituted automatically; however, the initial appeal must always be made within 15 days after the occurrence. Where conflict of interest relative to the parties hearing in any given step exist in the view of the Executive Director or his designee, the Executive Director shall designate members of the Association to hear that step of the appeal process.

Sec. 3. Procedure for Appealable Issue.

- A. First Step – Appropriate Executive Vice President: Within 15 days after the occurrence or condition giving rise to the appeal, the person or team affected must present the appeal in writing to the appropriate Executive Vice President. Within 15 days of such presentation, the Executive Vice President shall give its reply in writing to the individual or team with respect to the appeal. The 15 day period for the Executive Vice President to reply may be extended for 10 additional days upon written notice from the Executive Director that he will need the additional time.
- B. Second Step – Appropriate Assistant Executive Director: If a satisfactory resolution is not reached at the first step, the appellant may so indicate on the appeal process form and submit the appeal to the Appropriate Assistant Executive Director within 15 days. Within 15 days of such presentation the Assistant Executive Director shall give its reply in writing to the appellant. The 15 day period for the Assistant Executive Director to reply may be extended for 10 additional days upon written notice from the Assistant Executive Director that he will need the additional time.
- C. Third Step – If a satisfactory resolution is not reached at the second step, the appellant may submit the appeal in writing to the Executive Director of the Association. Submission to the third step must occur within 15 days of the decision in the second step, unless there is mutual agreement for an extension. The Executive Director shall render a written reply to the appellant within 15 days after receipt of the written appeal. If the Executive Director, in his sole discretion, upon receipt of the written appeal and receipt of a request from the appellant for a hearing, determines that a hearing would be advisable, the Executive Director may set a time and place for that hearing within the following 90 days of such receipt. The expense of travel to such hearing shall be paid by the appellant. Each side may call witnesses at such a hearing. This step is final and is non-appealable. The site of any third step hearing shall be chosen at the discretion of the Executive Director of the Association. The Executive Director shall have the option of appointing a panel of disinterested parties to decide the third step; however, the Executive Director shall be chairman of any such panel. The Executive Director in consultation with the General Counsel shall have the authority to establish rules, policies, and procedures for any third step hearing, which shall be provided to the appellant within 30 days of the hearing. Note: Anyone disbarred/suspended or declared ineligible for a period greater than 5 years shall have the right to apply one time every 5 years for reinstatement to membership in the Association, following the one year anniversary of the suspension, provided he gives the Disbarment Committee, through National Headquarters, 30 days written notice of his intention to so

reapply. The Disbarment Committee shall act on such applications at the Annual Meeting of the Association.

Sec. 4. Other actions or issues, such as Section 7 Disbarment/Suspensions (as defined in Article XVII) shall be appealable only as provided in the rules set forth for such issues as found in the appropriate Constitution, By-laws, Playing Rules, Policies or Procedures of the Association.

## **SECTION 1 – GLOBAL SPORTS LEAGUE SOFTBALL** **GUIDELINES AND PROCEDURES**

### **Purpose:**

- 1) To seek the best competition, sportsmanship and brotherhood of coaches, players, fans and spectators regardless of race, religion, sex, or age.
- 2) To do our best in classifying teams to where they can be competitive and enjoy the game of softball. No team enjoys being humiliated and being in a game where they are outclassed. A main goal of GSL Softball is to classify teams in a group where each team is playing in a classification in which they belong.
- 3) To work with any group, league, or association that is willing to follow our guidelines and has the same interest in softball as we do and promotes the game of softball.
- 4) To support and encourage any community, county, state, or country in an effort to spread softball and get more people of all races, religions, sexes, and races involved.

### **Directors:**

GSL Directors will be required to sign a 1-year contract. At which time that 1-year contract expires, the Executive Director will make a decision on renewal of a contract. However, certain circumstances listed below could result in the termination of a GSL Director:

- 1) Failure to furnish GSL Officers with Tournament Reports, League Reports, Sanction Reports, and/or fees in a timely manner. All of these are expected to be reported no later than 10 days from time of event.
- 2) Involvement of another Tournament, League, or event not sanctioned by GSL.
- 3) Any act or involvement that discredits GSL or discredits advancement, growth, reputation, or well being of GSL or softball in general.

Then again, in return of doing a good job as a Director, GSL will do everything possible in helping each Director in their advancement in softball.

### Rule Interpretations:

Basic terms used in softball such as batter, fielder, base runner, infield fly, etc. will be similar to those in other major softball associations. If a question comes up and cannot be resolved by an umpire on the field, the Tournament or League Director will make a decision and will be required by GSL to inform the Executive Director of their decision and a side letter will be generated to inform teams of what the ruling will be in the future should that circumstance arise again.

### Age Limits:

Players on an adult team must be 18 years of age. Exception to this would be a youth team consisting of players 16 years of age or older. This youth team may play in an adult tournament providing all players and parents/legal guardians sign a release holding GSL harmless in the event of an injury to the player(s) involved. Youth teams that choose to do this must re-sanction as an adult team.

### Berths:

Teams may qualify for a World Berth in each classification. **In order to do this, teams must play in at least two (2) GSL sanctioned tournaments and their state's respective state tournament.** Points will be awarded for all GSL Tournament play.

### Rosters:

- 1) All 2016 rosters will be capped at 20 players. If you release a player, you will lose that spot on the roster. On September 1<sup>st</sup>, all teams will be allowed to add 2 players equaling 22 total roster players. Added players must be added before the World Tournament and must be of equal or lower ranking. Should any unusual circumstances arise, a Board or the Executive Director will make a ruling.
- 2) Rosters are required to be filled out on-line before the start of your tournament.
- 3) Teams may not add players to their roster that are frozen on another team's roster without a signed release from the previous coach. This release must also be signed by the Executive Director of GSL. Players caught playing on a team's roster that are frozen on another team's roster will be suspended.
- 4) Teams may not pick up players from a higher classification without the approval of the Executive Director.
- 5) Any team caught turning in a roster with false names will forfeit all games, fees, and be suspended by GSL.
- 6) Once teams have opted to participate a GSL tournament, you will be committed as of 12:00pm noon on the Thursday before the scheduled weekend. If you have to

back out anytime after the brackets have been completed, you will be FULLY responsible for the tournament entry fee for that tournament before your team may participate in any future GSL/USSSA sanctioned tournament. If not paid, the entire teams roster will be suspended for both GSL and USSSA until entry is paid in full. We realize there are certain uncontrollable circumstances, and in those cases the advisory board will look at those circumstances and make a decision. We will have game times posted by 6:00pm on Thursday, thus the reason for the 12:00pm noon deadline. Bracket changes are difficult to manipulate and committed teams are expecting those who have entered the tournament to play. Please respect this commitment and the Thursday, 12:00pm noon deadline.

## SECTION 2 - SOFTBALL PROGRAM

GSL accepts no responsibility and disclaims all liability for any bodily injury or property damage to coaches, ball players, fans, or other members of the general public which arise from any GSL sanctioned event or any actions of any kind of any GSL Directors or Umpires whether intentional or by accident. A roster must be filled out and signed in every GSL tournament or event, and by signing that roster you are saying you agree to this statement. All adult rosters will require players and coach signatures.

- 1) The Men's program will consist of 5 divisions: "A", "B", "C", "D", and "E".
- 2) The Co-Ed program will consist of 2 divisions: "Upper" and "Lower".
  - A. Upper – "B", "C", and "D" players with no more than 2 "A" players
  - B. Lower – "D" and "E" players. No drop-down players are allowed in either Lower classification.
- 3) General GSL rules apply to all programs.
- 4) GSL reserves the right to equalize a tournament by a run spot if deemed necessary to create better competition. Run spots to be determined by the National Office.

## **SECTION 3 - CONCUSSIONS**

USSSA/GSL, as a sanctioning body of athletic events, shares the concerns being raised on a national and local level regarding concussions and concussion symptoms in participants, coaches/managers and umpires/referees in USSSA/GSL sanctioned activities. USSSA/GSL encourages its directors, umpires, coaches, referees, teams, team managers, and all adults involved in youth activities and participants to learn all they can about concussions in athletics and requires each of them and each of the USSSA/GSL directors to follow all federal, state and local laws (including concussion training and reaction laws) with regard to athletic competition sanctioned by USSSA/GSL. In addition, USSSA/GSL has added the following to the rule books of each USSSA/GSL sport which does not defer to another organization for its rule book.

Upon becoming

coach/manager of his team has received a suspected concussion (or has been struck in the head area with any significant force), the Team Manager will not allow that person to participate in any USSSA/GSL sanctioned event and if occurring during a USSSA/GSL sanctioned event, shall have that person removed from the playing field of any USSSA/GSL sanctioned event. Upon becoming aware that a participant, coach/manager or umpire/referee has received a suspected concussion (or has been struck in the head area with any significant force), a USSSA/GSL umpire/referee or director will have that person removed from the playing field of any USSSA/GSL sanctioned event. Without a written medical clearance from a licensed medical doctor to return to play, such persons will not be allowed to return to the USSSA/GSL playing field in a USSSA/GSL sanctioned event. For umpires/referees, the medical written consent must be presented to the Team Manager and retained permanently by the USSSA/GSL State Director. For participants and coaches/managers, the medical written medical consent must be presented to the Team Manager and retained permanently by the Team Manager. Any Team Manager, who allows a coach/manager or participant back on a USSSA/GSL sanctioned event playing field without first obtaining the required written consent, may be suspended by the State Director for up to one year and upon request of the State Director, may be suspended for a longer duration by the USSSA/GSL disbarment committee. State Directors allowing an umpire/referee back in the field of play without the necessary consent will be subject to being disciplined as determined by the USSSA/GSL Board of Directors.

## **RULE 1. THE PLAYING FIELD**

Sec. 1. THE PLAYING FIELD is the area where the ball may be legally played or fielded. The field shall be an area within an established minimum radius from home plate to the far boundaries between the foul lines.

Sec. 2. SPECIAL GROUND RULES may be made by Tournament Directors when the field is less than the official minimum dimensions of 285 feet.

Sec. 3. THE OFFICIAL DIAMONDS of the field shall be established for 11 inch and 12 inch with:

- A. 65 or 70 foot baselines shall be used in all adult programs.
- B. Pitcher's distances of 50 feet for both men and women along with a pitching area the width of the pitcher's plate up to six (6) feet behind the back edge of the pitcher's plate.

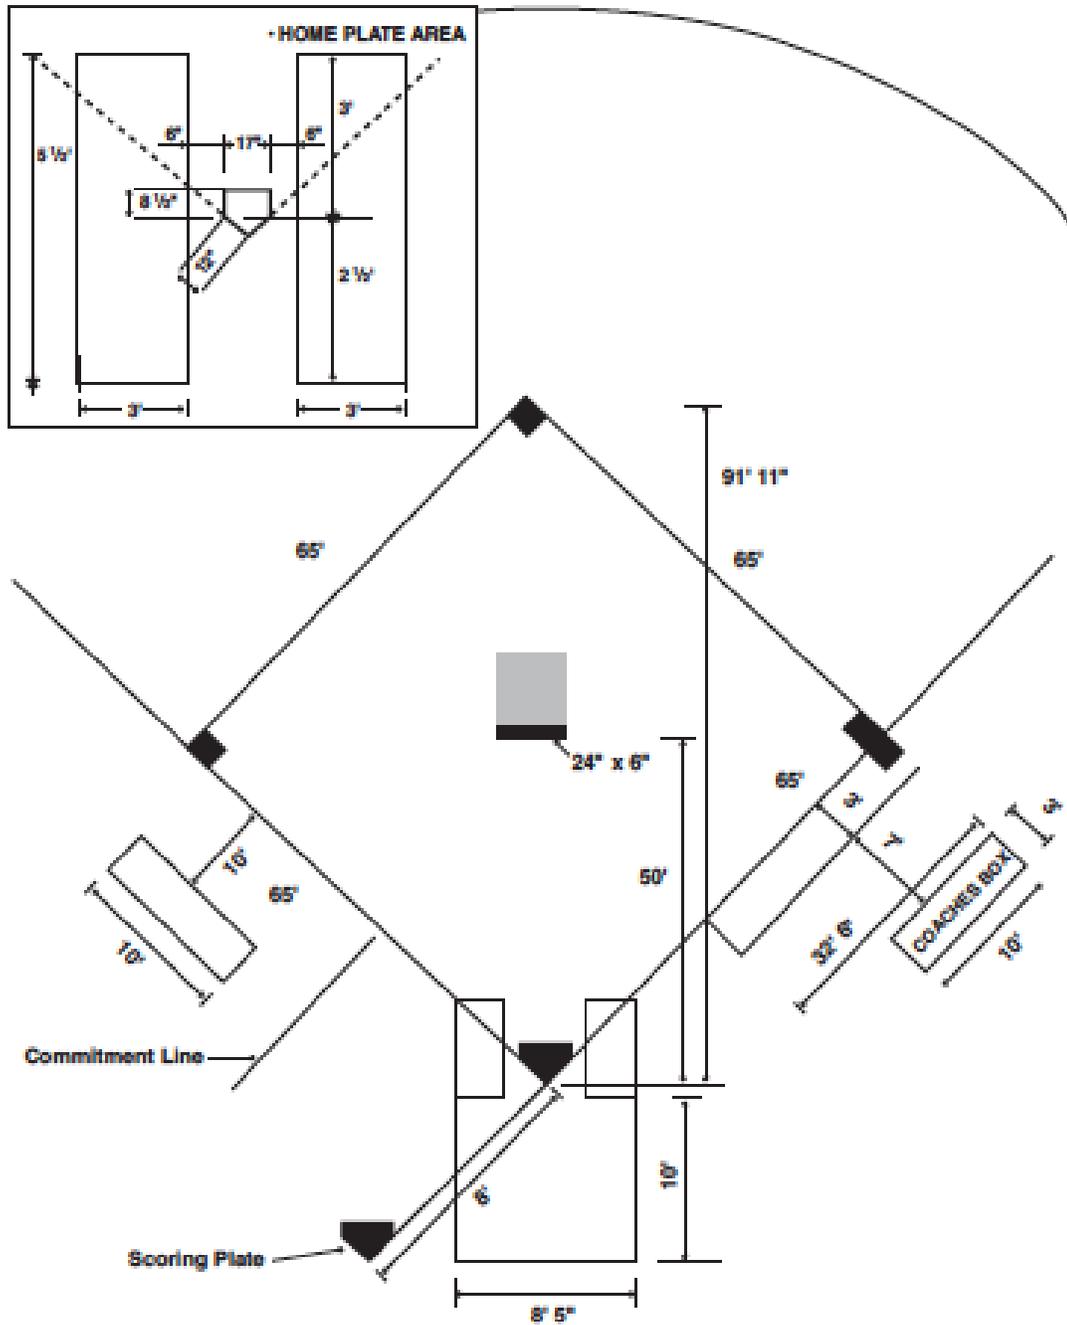

Sec. 4. THE LAYOUT OF THE FIELD is shown in the diagram on the following page.

Sec. 5. BATTER'S BOXES shall be provided on either side of home plate, with the inside line of this box 6 inches from home plate and parallel to the sideline. The batter's box shall be 5-1/2 feet long, extending 3 feet forward and 2-1/2 feet toward the rear, measured from the center corner of home plate. The batter's box shall be 3 feet wide, thus forming a rectangle of 5-1/2 feet by 3 feet. The lines marking the batter's box are considered to be part of the batter's box.

Sec. 6. THE CATCHER'S BOX shall be 10 feet long from the rear outside corners of the batter's box on each side of home plate, thus forming a rectangle 10 feet long and 8 feet 5 inches wide.

Sec. 7. THE THREE FOOT LINE is drawn outside of and parallel to the first base foul line starting at the outside corner of first base and extending halfway toward home plate.

Sec. 8. THE COACHES' BOXES shall be established at both first and third bases, 10 feet from and parallel to the base lines. They shall be 10 feet long starting at the outside corners of the bases and extending toward home plate. The width of the box shall be 3 feet, thus forming a rectangle 10 feet long and 3 feet wide.

## **RULE 2. EQUIPMENT**

Sec. 1. DUE TO RAPIDLY EXPANDING and advanced technologies of softball equipment, all new equipment introduced to the game of slow pitch softball must be reviewed and approved by the USSSA Equipment Performance and Safety Standards Committee. Each item approved shall be tested for one year. During this time the item can be further evaluated in actual game-playing situations. The USSSA reserves the right to disapprove any equipment due to failure to meet current safety standards as set by the USSSA Equipment Performance and Safety Standards Committee.

Sec. 2. THE OFFICIALBAT shall be round in cross section, straight in length and measure not more than 34 inches long, including tape or other grip additions to the bat, shall have a knob at the end of its handle, and not more than 2-1/4 inches in diameter at its largest part. Its weight shall not exceed 31-ounces, including tape or grip addition to the bat. The bat shall have a grip of tape or some other material to facilitate holding the bat during the batter's swing. The grip shall be not less than 10 inches long, nor extend to touch the taper or barrel of the bat. All key graphics, including USSSA and BPF markings, must be permanent and cannot be applied as decals or by any other method that would allow the key graphics to be easily removed or added to the bat.

- A. Material. THE BAT may be made of hard wood of one piece, or laminate from sections of hard wood bonded together with adhesive in such a way that the grain directions of all the pieces are essentially parallel to the length of the bat. THE BAT may also be made of aluminum or other metals, fiberglass, graphite or composite materials.
- B. Construction. The bat may be made in pieces from different materials but must have a closed barrel end, a handle and a taper. The bat may be modular with interchangeable parts, subject to additional safety and tampering requirements as set forth in the standard USSSA Bat Licensing Agreement. The knob portion must be welded or mechanically attached to the bat. Only USSSA approved bats, USSSA approved weighted bats or USSSA approved bat weigh attachments, may be used by the on deck batter while loosening up on the field.
- C. Official Softball. Authorized bat manufacturers shall mark their products with the words "Official Softball".
- D. Other Criteria for Legal USSSA Bats. Bats will be legal for USSSA sanctioned play only if the bat is manufactured by an approved USSSA bat manufacturer on the USSSA approved bat manufacturer list (kept by USSSA and published and made available by means including, but not limited to, the USSSA website) and has the new USSSA mark (kept by USSSA and published and made available by means including, but not limited to, the USSSA

website) on the taper of the bat. Wood bats made on the approved USSSA bat manufacturer list shall be legal without regard to this section D.2.

- E. Authorized bat manufacturers shall mark their products with the words "Official Softball" or words to that effect. If the words "Official Softball" are illegible or it is a Little League bat, the bat should be declared legal if it is legal in all other respects. When a bat does not meet the specifications as defined, has flat spots or pronounced dents or if in the umpire's judgment, the bat has been altered, the umpire shall prohibit the use of the doubtful bat.
- F. Fast Pitch bats may NOT be used in any GSL play.
- G. The performance standard for all non-wooden bats will be a Bat Performance Factor (BPF) of 1.20, or less. No bat shall be legal in GSL play unless it is marked "1.20 BPF" or "BPF 1.20."
- H. The bat handle, for not more than 18 inches from its end, may be covered or treated with any material or substance to improve the grip. Any such material or substance that extends past the 18-inch limitation shall cause the bat to be removed from the game.

NOTE: If the umpire discovers that the bat does not conform to (F) above until a time during or after which the bat has been used in play, it shall not be grounds for declaring the batter out, or ejected from the game.

Comment: If pine tar extends past the 18-inch limitation, then the umpire, on his own initiative or if alerted by the opposing team, shall order the batter to use a different bat. The batter may use the bat later in the game only if the excess substance is removed. If no objections are raised prior to a bat's use, then a violation of (G) on that play does not nullify any action or play on the field and no protests of such play shall be allowed.

- I. New bat standards go into effect January 1, 2015. This means that a bat must display the USSSA thumbprint stamp for it to be legal for use. Recall that this requirement was announced in 2011 in order to give everyone ample time to conform to the new standards. Effective January 1, 2015 all bats used for USSSA slowpitch softball play must:
  - a. Have the new permanent USSSA Mark on its taper
  - b. Be a Wood Bat
  - c. ALL of the above must be manufactured by an approved USSSA Bat Licensee
- J. USSSA marks and other graphics of the bat must be applied permanently and must be applied by the USSSA licensed manufacturer. No stickers or decals are allowed and no one may add graphics to a bat once manufactured. Use of a bat with graphics not applied by the manufacturer

will be use of an altered bat and subject to suspension under the GSL Altered Bat rules. In addition to being violation of the GSL Altered Bat rules, any use, creation or application of a USSSA mark without written permission of USSSA is a violation of Federal Trademark law and may result in prosecution by USSSA. If you have any concern about the person selling or providing you a bat, do not accept the bat, because you will be held responsible for any bat you bring into or use in a GSL facility.

- K. A GSL Director may at any time ask to inspect a bat that has been brought into the location of a GSL sanctioned event. The owner and/or user may either:
- a. Allow the Director to inspect the bat and reach a conclusion as to whether or not the bat might be altered. If, after making the inspection, the Director in his discretion decides that the bat might be an altered bat, the suspected offending owner may:
    - i. Allow the Director to send the bat to the GSL Altered Bat Committee and/or Manufacturer of the bat for a determination as to whether or not the bat is altered. NOTE: During the time of the examination of the bat by the Manufacturer/Altered Bat Committee, the GSL may suspend the suspected offending player pending the decision. If the Manufacturer or the GSL Altered Bat Committee determines that the bat has been altered, the Altered Bat Committee may suspend a first time offender for up to two years from GSL play. For a second time offender, any suspension may be up to lifetime
    - ii. Accept a one-year (up to life for second time offenders) suspension from GSL play with no right to appeal.
  - b. Withhold the bat from inspection and accept a one year (up to life for second time offenders) suspension from GSL play with no right to appeal.
- L. After examination of a bat to determine if it is altered, the bat shall be returned to the owner. No owner and/or player altered bat suspensions will occur unless the bat is determined to be altered.
- M. If a player withholds a suspected altered bat from inspection or refuses to allow a Director to send the suspected bat to the GSL Altered Bat committee and/or manufacturer of the bat for a determination as to whether or not the bat is altered, said player and listed manager and coaches will be automatically suspended and his/her team will be forfeited from the sanctioned event and placed last in the standings.
- N. If a player submits a suspected altered bat, no awards will be given to his/her team until the bat is determined to be legal. If the bat is found to be altered,

no awards or berth will be given and the team will be placed last in the standings. Said player and listed manager and coaches will be suspended.

O. Bat protests will not be allowed anytime during a sanctioned GSL game or tournament.

### Sec. 3 THE OFFICIAL BALL

- A. The official ball to be used shall be of a spherical design with a smooth surface. The center or core of the ball shall be of a material and design traditionally used to make softballs or other materials or design as approved by the GSL. The cover shall be of horsehide, cowhide or other material approved by the GSL and shall be cemented to the core and stitched with cotton, linen or nylon or any other material approved by the GSL. A molded cover ball or a molded ball without separate cover, or a multiple layer core design or multiple material core design, may be approved by the discretion of the GSL on a case by case basis. The thread shall be in either flat seam or concealed stitch type which gives a flat surface. The internal composition of the core and the material of the cover must be clearly printed on the ball and the words "Official Slow Pitch Softball" must be clearly printed on the ball. Note: The performance of a softball by reducing the temperature below that of game conditions is unsportsmanlike conduct.
- B. The official softball used in championship play will be a GSL stamped Worth Gold Dot (UC12CYX) or Green Dot (UC11SY).

Sec. 4. THE HOME PLATE shall be made of rubber or other suitable materials. It shall be a five-sided figure, 17 inches across the front edge of the plate facing the pitcher. The two sides shall be perpendicular to the front edge and shall be 8-1/2 inches long, extending forward toward the pitcher's plate. The sides of the plate, from the rear corner, along with the base line, shall be 12 inches long and set completely within the base lines, where they form a 90 degree angle with the point pointing toward the catcher. The home plate is always a part of fair territory. The black border that outlines the plate is NOT to be considered home plate.

Sec. 5. THE PITCHER'S PLATE shall be made of rubber or wood. It shall be 24 inches long and 6 inches wide. The front edge of this plate shall be centered on the direct line from home plate to second base. The top of the plate shall be level with the flat surface of the ground. The front edge of the plate shall be of legal distance as measured from the extreme rear corner of home plate.

Sec. 6. THE PITCHING AREA is the area the width of the pitcher's plate (24 inches) up to six (6) feet behind the back edge of the pitcher's plate. NOTE: All pitching rules that

apply to the pitcher's actions before and during the release of the pitch along with the restrictions on height, speed, etc., shall remain the same.

Sec. 7. THE BASES other than the home plate shall be 15 inches square and not more than 3 inches high. They shall be made of canvas bags, plastic or other suitable materials filled with soft padding. They shall be WHITE, RED or ORANGE in color. All BASES must be securely fastened at their designated places. NOTE: A safety base is optional. The safety base shall be 15 inches by 30 inches and not more than 3 inches high. The safety base should be positioned such that the white portion is located where first base would normally be (in fair territory) and the colored portion (red or orange) should be in foul territory. Any batted ball hitting the white portion should be fair and any ball hitting the red or orange portion should be foul. On the initial throw to first base from the infield or outfield, the batter-runner MUST TOUCH the red or orange portion of the base but not the white. If legally appealed by the defense during a live ball situation, the runner will be called out. The defensive player MUST always touch the white portion. This rule is in effect only on the initial play at first base. This does not include:

- A. Returning to the base after over running,
- B. Running on a base hit to the outfield (runner may touch the red or white part) or
- C. Re-tag to advance on a fly ball.

EFFECT: If the base runner uses the orange portion at any time after the first attempt at first base and is not in contact with the white portion, then he is considered off the base.

Sec. 8. LEGALLY ADOPTED GLOVES may be worn by any fielder.

- A. Catchers and first basemen may wear a glove or mitt of any size; all other players are restricted to a finger type glove with the space between the thumb and forefinger not exceeding more than 4-1/2 inches at the top. The webbing shall not be constructed to form any type net or tray.
- B. Multicolored gloves are legal.

Sec. 9. A SHOE shall be considered legal if it is made with either leather or canvas uppers or similar materials. The soles may have soft or hard rubber cleats. Metal cleats are prohibited. Shoe sole or heel projections other than the standard shoe plate are prohibited. The all-purpose molded cleat softball shoe is legal. All players must wear shoes.

Sec. 10. Catchers may wear MASKS.

EFFECT Sec. 10 TO PREVENT INJURY it is strongly recommended that all protective equipment be worn.

SEC. 11. UNIFORMS, By June 1, 2016, every GSL team must have matching shirts with a clearly defined team name and/or logo. Each player must also have a visible, unique, affixed number. If these requirements cannot be satisfied, the option of being the home team will be forfeited. If these requirements cannot be satisfied during State and World Series play, the player will not be able to participate in that game. Umpires will ask at the Pre-Game meeting if teams are in uniform compliance. If discovered that a team is not in uniform compliance regarding duplicate numbers, the lowest duplicate batter in the batting order will be ejected. Note: The blood-rule will be given special consideration. If caps are worn they must be worn with the visor facing forward. Exception: The catcher while playing defense.

A. All participants in a game should wear the adopted TEAM UNIFORM. Managers and coaches, when on the field should wear the adopted full uniform, or a cap and jacket, which include the team's emblems and colors, to readily identify them as a member of the team. Individual numerals on each uniform are optional.

EFFECT Sec. 11 A. While participating in tournaments, players should be uniformly dressed.

B. All exposed jewelry or items that are judged to be hazardous or potentially dangerous by the umpire may not be worn during the game.

C. In all programs, batting helmets may be worn by players/coaches at any time.

Sec. 12. EQUIPMENT shall not be allowed to remain on the playing field during the playing of the game, either in fair or foul territory, with the exception of an official warm-up bat or official warm-up device which may be kept in proximity to the on-deck circle during a team's turn at bat.

EFFECT Sec. 12. A bat dropped by the batter-runner in foul territory, or any mask, cap, etc. dropped incidental to making a play will be considered as foreign to the normal playing area and foul ball rulings will be made accordingly.

## RULE 3. DEFINITIONS

**ALTERED BAT** is one that has had its physical structure changed, including, but not limited to:

1. The bat has had the surface of the barrel or the taper changed in any way such as by sandpapering or applying a solvent to the surface such as fingernail polish remover or by any other means.
2. The bat has had the plug or the knob removed/replaced or changed in any way.
3. The bat has had anything removed or added or inserted to the inside or outside of the bat other than tape at the handle or knob. Other examples of an altered bat would be changing or replacing manufacturers' markings or replacing the handle of the metal bat with a wooden handle. Replacing the safety grip with another safety grip is not considered altering a bat.

NOTE: Cracked, worn, or damaged bats are not altered bats, but will also be removed from play by Directors and umpires. Such cracked, worn, or damaged bats will not result in a player suspension unless the player returned the offending bat into GSL play after it has been removed or the bat is also altered. Paint or lettering wear shall not result in a bat being considered an altered bat as long as the bat can be identified and has the appropriate BPF marking. However, the Director or umpire may remove from play a cracked, worn, or damaged bat.

**APPEAL PLAY** refers to a play in which the umpire cannot make a ruling until a decision is requested by the defensive or offensive team. This appeal must be made before the next legal pitch, intentional walk, illegal pitcher action or before all fielders have left fair territory.

**BALL** refers to a pitch that does not enter the strike zone in flight, nor conforms to the fairly delivered pitch stipulations and is not struck at by the batter.

**BASE** refers to one of the four stations, which must be touched by a runner in accordance with the rules that follow, to legally score a run. The term is most often applied to the bags marking the designated spots.

**BASE PATH** refers to an imaginary line 3 feet to either side of a direct line between two bases. The runner is restricted to the 3-foot line in some cases.

**BASE ON BALLS** permits a batter to gain first base, without liability to be put out and is awarded by the umpire when three pitches are adjudged to be balls.

**BASE-RUNNER OR RUNNER** is a player of the team at bat who has hit a fair ball or who has been awarded first base for any reason before he is put out.

**BATTED BALL** refers to any pitched ball that is hit by the bat or that hits the bat, thus becoming either a fair or foul ball. No intent to hit the ball is necessary.

**BATTER** refers to the Offensive Player who takes a position in the Batter's Box with a 1-1 count. The batter walks on 4 balls and is out on 3 strikes.

**BATTER-RUNNER** is the term identifying the offensive player who has just hit a fair ball and applies until he is either put out or until the play on which he became a runner is ended.

**BATTER'S BOX** is the area within which the batter takes his position when it is his turn to bat.

**BATTING ORDER** is the official listing of offensive players in the order in which they must bat.

**BENCH OR DUGOUT** is the seating facility reserved for team members in uniform when they are not actively engaged in participating in the game.

**BLOCKED BALL** is a batted or thrown ball that is touched, stopped or handled by a spectator or person not engaged in the game, or that touches any object which is not part of the legal official equipment, or which hits or goes beyond a designated out-of-play area.

**BUNT** refers to a batted ball not swung at, but is intentionally met with the bat and tapped slowly.

**CALLED GAME** is one that the Umpire-In-Chief terminates play for any reason.

**CATCH (LEGAL)** is the act of a fielder getting the ball in flight (refer to: IN FLIGHT) securely in possession in his hand or glove and firmly holding it, provided he does not use his cap, protector, a pocket or other part of his uniform or the glove not in its normal position on the hand to stop or catch the ball. It is not a catch, however, if simultaneously or immediately following his contact with the ball, he collides with a wall, a fence, another person or if he falls down and, as a result of any such collision, drops the ball. To establish the validity of the catch, the fielder shall hold the ball long enough so the umpire is convinced he had complete control of the ball and any

release of the ball by him was voluntary and intentional. Dropping the ball while attempting to throw it shall not invalidate the catch.

**CATCHER** refers to the defensive player who takes his position behind home plate.

**CATCHER'S BOX** is that area where the catcher must remain while and until a pitched ball has reached or passed home plate or is batted.

**CHOPPED BALL** is a batted ball that the batter strikes downward so that it hits the ground within the infield, with a deliberate attempt and downward chopping motion with the bat.

**COACH** refers to a member of the team at bat. Only one coach is permitted in each coach's box to direct the players of his own team while batting and running bases.

**CONFERENCE** refers to a meeting that takes place anytime a team representative delays the game or requests a suspension of play for any reason and delivers a message (by any means) to any player.

**COURTESY RUNNER** may be ANYONE on the roster. The courtesy runner may be used unlimited times for one player per inning. If the courtesy runner is on base and comes to bat, an out will be taken for that spot in the order. At no time, unless injury or blood rule, shall a courtesy runner be substituted for. If the courtesy runner is substituted for due to injury or blood rule and his spot in the batting order comes up in the same inning, an out will be taken and the spot in the lineup is skipped. Courtesy runners must be in uniform.

**DEAD BALL** is any ball not in play or a live ball that becomes dead during play.

**DEFENSIVE TEAM** is the team that is playing defensively in the field.

**DHH (DESIGNATED HOMERUN HITTER)** is the player who, without penalty, may hit a homerun every time at bat. Teams must designate their DHH prior to the start of the game, or there won't be a DHH for that team. Should the DHH be walked, whether intentional or not, the next person to hit a home run may do so without penalty, until the DHH's spot comes back up in the line-up. To clarify, the DHH is a pre-determined player who, if leaves the game, carries that DHH designation with him/her. If the player re-enters the game, he/she is considered the DHH. The substitute who enters the game for the DHH is NOT the new DHH. In Co-Ed play, this rule is gender-specific. For example, should the female DHH be walked, whether intentional or not, the next

female to hit a home run may do so without penalty, until the female DHH's spot comes back up in the line-up.

**DOUBLE PLAY** is a continuous play by the defense where two offensive players are legally put out without an intervening play or an error.

**FAIR BALL** is a batted ball that settles on fair territory between home plate and first base, or home plate and third base, or that is over fair territory, including any part of first or third bases when bounding to the outfield, or that first touches any base, other than home plate, or that first touches a player or umpire over fair territory, or which first touches the ground or an object in fair territory, or over fair territory, beyond first and third bases, or that while over and above fair territory passes out of the playing field, that is, over and beyond the outside fence.

**FAIR TERRITORY** is that part of the playing area within and including the first and third base foul lines, from the home plate to the bottom of the extreme playing area fence and then extending perpendicularly upward.

**FAKE TAG** is making the motions of a tag without the ball. This may be considered obstruction and the offender may be ejected.

**FIELDER** refers to any player of the defensive team playing in the field.

**FLY BALL** refers to any ball batted into the air and before it strikes some object other than a fielder.

**FORCE OUT** refers to when a runner is tagged by a fielder with the ball (while on or off a base) or a fielder holds the ball on the base to which a runner is forced to advance before the runner can reach that base and before any succeeding runner is put out.

**FOUL BALL** is any batted ball that stops or settles in foul territory without first being touched in fair territory, or which is first touched in foul territory, or that first touches some out-of-play object or area in foul territory, or that first touches foul ground beyond first and third base, or which does not conform to the requirements that would make it a fair ball. NOTE: An untouched batted ball that strikes the pitcher's plate and rebounds into foul territory where it is touched or stops is a foul ball.

**FOUL TIP** is a batted ball that goes directly from the bat not higher than the batter's head, to the catcher's hands and is legally caught. First contact from bat must be catcher's hands.

**HOME TEAM** is the team on whose grounds the game is being played; or, if the game is scheduled on neutral grounds, it is decided by mutual agreement or a toss of a coin. Home team bats in the last half of the innings.

**ILLEGAL BAT** refers to one that does not meet the requirement/specifications of Rule 2, Sec. 2.

**ILLEGALLY BATTED BALL** is one batted fair or foul by the batter when either one or both of his feet are in contact with the ground COMPLETELY outside the lines of the batter's box or when his foot is in contact with home plate, or when the ball is batted with an illegal bat.

**IN JEOPARDY** is a term indicating that the ball is live and in play and that an offensive player may be out under these rules.

**INFIELD** is that portion of the field within the baselines and also includes the areas of the field normally covered by infielders in defensive positions.

**INFIELD FLY** is a fair batted ball (not a line drive) that can be caught in flight by an infielder with ordinary effort. Any defensive player may catch the ball in the infield area.

**INNING** is that portion of a game within which teams alternate on defense and offense and each team is allowed three outs during its time at bat.

**INTERFERENCE** is an act where players or others interfere with a player's opportunities. There are three types of interference:

- A. Offensive interference – When a player interferes with or impedes or confuses a defensive player while he is attempting to make a play. This can occur by either physical or vocal actions.
- B. Spectator interference – Occurs when a person not engaged in the game touches a live batted or thrown ball which could prevent a blocked ball to occur or when a person not engaged in the game physically interferes with a player's opportunities.

C. Umpire interference – Occurs when a fair-batted ball strikes the umpire on fair ground before passing a fielder other than the pitcher.

**LEGAL TOUCH** – Refer to TAG for details.

**LINE DRIVE** is a fly ball that is batted sharply and directly into the playing field. NOTE: A line drive should never be considered an infield fly.

**LIVE BALL** occurs when the umpire signals play ball. The ball remains live until the ball becomes dead for any reason as stated in these rules.

**MANAGER** refers to a person appointed by the team to be responsible for the team's actions on the field. Also, the manager represents the team when communicating with the umpire and the opposing team. A player may be designated as a manager.

#### **OBSTRUCTION**

- A. Obstruction is the act of a fielder while not in possession of the ball, or not in the act of fielding a batted ball or taking a proper position to receive a thrown ball (thrown ball must already be in flight) which impedes the progress of a runner who is legally running the bases.
- B. Obstruction is the act of a fielder which impedes the batter from striking at a pitched ball.
- C. The obstruction does not have to be intentional and may be vocal.

**OFFENSIVE TEAM** refers to a team during its half inning while it is at bat.

**OUT** refers to one of the three requirements of an offensive team each inning.

**OUTFIELD** is that portion of the field beyond the lines of the infield and extending to the extremities of the playing field. This usually refers to the area between the foul lines.

**OUTFIELDER** refers to the defensive player occupying a position in the outfield, which is the most distant from the home plate.

**OVER SLIDE or OVER SLIDING** is the act of a runner when his slide to a base is with such momentum that he loses contact with the base and he is thus placed in jeopardy. This does not apply to the batter-runner, as he is first approaching first base.

**OVERTHROW** is a ball thrown from one fielder toward another and which, for any reason, goes into foul territory and stays within the boundaries of the playing field. This ball always remains live unless it becomes a blocked ball.

**PENALTY** is the application of the rules following an illegal act or violation.

**PERSON** refers to an umpire or player. This includes all of his body, his clothing or his equipment.

**PITCH** refers to any delivery of the ball to the batter by the pitcher.

**PITCHING AREA** is the area the width of the pitcher's plate (24 inches) up to six (6) feet behind the pitcher's plate.

**PIVOT FOOT** is the foot, when placed on the pitcher's plate or pitching area by the pitcher that must be in contact with the pitcher's plate or pitching area when the pitched ball is released.

**PLAY OR PLAY BALL** is the term used by the umpire to indicate that play shall begin or continue after a dead ball interval.

**QUICK RETURN PITCH** is a pitch made by a pitcher with the obvious attempt to catch the batter off guard and balance. This could be when the batter first takes his position in the batter's box and before he is ready, or when the batter is still off balance from the previous pitch.

**RETOUCH** is the act of a runner in returning to touch a base as legally required.

**SACRIFICE FLY** is any caught fair fly ball that permits a runner to SCORE a run after a caught fly ball is first touched.

**STRIKE ZONE** is that space directly above home plate that is not higher than the batter's highest shoulder, nor lower than the bottom of the batter's front knee, when the batter assumes his natural batting stance. Any part of the pitched ball that passes through this zone is a strike.

**SUSPENDED GAME** is a game called before being completed which is to be completed at a later date.

**TAG** is the action of a fielder touching a base with any part of his body while holding the ball firmly and securely in his hand or glove. Also, tag refers to touching the runner with the ball, or with the glove holding the ball, while continuously holding the ball firmly and securely during and immediately following the tag.

**THROW** refers to the act of propelling the ball with the hand or arm toward a given objective and is always distinguished from the pitch.

## RULE 4. THE GAME

Sec. 1. THE CHOICE OF FIRST OR LAST BAT in the inning shall be decided by a double toss of a coin, unless otherwise stated in the rules of the organization under which the schedule of games is to be played.

Sec. 2. THE FITNESS OF THE GROUND for the beginning of the game shall be decided by the home team. If no home team has been previously designated, such as in tournament play, the umpire, with the advice of the Tournament Director, makes the decision. After the umpire has started a game, he shall be the sole judge as to the fitness of the ground, or the intensity of the weather, for continuing play.

Sec. 3. A REGULATION GAME shall consist of seven innings, unless otherwise listed below.

- A. Seven full innings are not played if the team second at bat scores more runs in six innings or before the third out is made in their half of the seventh inning.
- B. A game that is TIED at the end of seven innings shall be continued, by playing additional innings until one team has scored more runs than the other at the end of a completed inning or the team second at bat scores more runs in their half of the uncompleted extra inning.
- C. A game called by the umpire, during regular season play, which can not be resumed within 30 minutes, may be regulation if four or more innings have been played or if the team second at bat has scored as many or more runs during the uncompleted fourth inning.
- D. A regulation game shall be declared if the score is TIED when the game is called after four or more completed innings, or if the team second at bat has equaled the score of the first team at bat, while batting during any uncompleted inning.

EFFECT Sec. 3 C-D. The umpire is empowered to call a game at any time because of rain, darkness, panic or for any other cause which puts the umpire, players or the patrons in peril.

E. The run rules which award a win to a team that is ahead in a game are as follows: Run rules for all GSL play are as follows:

Classes E, D, Co-Ed – 20 runs after 3, 15 runs after 4, and 10 runs after 5 innings.

Classes B and C – 25 runs after 3, 20 runs after 4, and 15 runs after 5 innings

Women's – 20 runs after 3, 15 runs after 4, and 10 runs after 5 innings.

Class "A" – 25 runs after 3 innings, 20 runs after 4 innings, 15 runs after 5 innings

Sec. 4. THE WINNER OF THE GAME shall be the team that scores the most runs in a regulation game.

- A. The total number of runs scored legally when the game is called at the end of any completed inning after three shall be the score.
- B. When the team second at bat has equaled or scored more runs during any uncompleted innings after three, the runs are all counted and the score is either tied or one team wins.
- C. If the team second at bat has not scored more runs, or does not score as many or more runs in the half of the uncompleted inning to tie or win the game, the game reverts to the last inning that was fully completed.

Sec. 5. ONE RUN SHALL BE SCORED each time a base runner legally touches first, second, third and home bases before the third out of an inning, unless the third out is the result of a force out or the batter-runner is out before reaching first base. Base runners may advance and a run may score only on a legally batted ball, on a play, on an overthrow or on an error resulting from plays that started with, and immediately follow the batted ball or when the bases are full, so that runners are forced to move up, or advance, by reason of the batter being awarded first base by the umpire in accordance with these rules.

- Sec. 6. A RUN SHALL NOT BE SCORED if the third out of an inning is the result of:
- A. The batter-runner being put out legally before touching first base.
  - B. A base runner forced out at any base.
  - C. A base runner being called out for leaving a base too soon on a pitched ball.
  - D. A preceding base runner being called out for failure to touch a base.
  - E. The batter-runner being called out for carrying his bat to first base or beyond.

Sec. 7. A BASE RUNNER SHALL NOT SCORE A RUN ahead of a base runner preceding him in the team's batting order if the preceding runner has not been put out.  
EFFECT Sec. 7. A preceding runner appealed out for missing a base does not affect the following runners on a first or second out. However, no preceding runner crossing home plate may return to touch any missed base after a following runner has scored. If the defensive team appeals a preceding runner missing a base, which is allowed, the following runner's score is counted unless the appealed out is the third out of the inning. If no appeal is made, then all the runs scored are counted.

Sec. 8. Batters are not required to touch first base after hitting a home run. "Hit and sit."

- Sec. 9. THE FOLLOWING HOME RUN RULES WILL BE USED FOR DESIGNATED PROGRAMS.

- D. ( D ) DHH + two (2) over the fence home runs then all other over the fence home runs are **inning-ending outs.**
- E. ( E ) DHH only. ~~All other over the fence home runs are inning ending outs.~~  
Any batter who hits an untouched fair fly ball over the fence in fair territory will be declared out and it will be an inning ending out. Each subsequent time that position in the lineup is due to bat, the batter shall automatically be declared out. The player shall remain in the game for defensive purposes only. This applies to any substitute in that batting position. If the player appears in the batter's box after hitting a home run, he shall be ejected from the game and the team must continue short-handed. Note: The defensive team may walk the preceding batter or multiple batters to get to the position or positions in the lineup that is an out due to hitting a home run. There are no base appeals allowed when this results in the third out of the inning. (3/2015)
- F. Men's 35+: DHH + two (2) over the fence home runs then all other over the fence home runs are outs
- G. Co-Ed Recreation – One (1) male and one (1) female DHH. All other over the fence homeruns will be bases clearing outs.

There are no base appeals allowed when this results in the third out of the inning.

Sec. 10. A FORFEITED GAME shall be declared by the umpire in favor of the team not at fault in the following cases: The score will be 7-0 in favor of the team not at fault.

- A. If a team fails to appear on the field, or being on the field, refuses to begin the game for which it had been scheduled at the time the game was assigned.

- F. If, after a warning by the umpire, any one of these rules is willfully violated.
- G. State Programs may adopt a grace period before a forfeit is declared in a tournament.

EFFECT Sec. 9. A-G. The umpire is instructed and cautioned to employ his best discretion to avoid forfeiture of any game, within the scope of good reasoning.

Sec. 11. A SUSPENDED GAME can result in tournament play, if the umpire stops play for any reason such as power failure of light, protested game in accordance with these rules, or any act of God, etc. that precludes immediate continuance of the game to the conclusion of the full seven innings, or as required.

EFFECT Sec. 10. When a suspended game is resumed, it must be resumed under the conditions that prevailed PRIOR to the interruption that caused the suspended game.

Sec. 12. A PROTESTED GAME can result when there is a difference of opinion on the field between the protesting team and the umpire regarding the application or interpretation of either Official Printed Playing Rules or Specially Adopted Ground Rules.

EFFECT Sec. 11. When a protest, not involving the umpire's judgment, is registered with the umpire on the field immediately and before any succeeding legal pitch, intentional walk, illegal pitcher action or before all fielders have left fair territory, the game assumes the status of a suspended game until the protest is allowed or disallowed.

- A. Conditions governing acceptance of protests during playing of a game.
  - a. Based on an umpire's judgment such as whether a batted ball was fair or foul, a pitched ball was a ball or strike, a base runner was safe or out, or when any other situation is completely within the umpire's scope to make the decision, is not to be accepted for consideration.
  - b. Based on alleged misinterpretation or application of the playing rules should be accepted for consideration and decision.
  - c. The intention to protest a rule must be made known by the manager or captain of the protesting team to the umpire immediately and before the next legal pitch, intentional walk, illegal pitcher action or before all fielders have left fair territory. This is to enable all concerned, that is, umpires, scorekeepers and the opposing team to take notice of the exact conditions prevailing on the field at the time of the protest. The umpire receiving the protest shall immediately notify all concerned, including the public announcer.

- d. In tournament play, all protests must be settled before any play can be resumed as a suspended game except protests concerning player eligibility. If a player eligibility protest is lodged during tournament play and cannot be resolved at the time of the protest, the game shall be completed. If the eligibility question cannot be resolved until the tournament is completed and it is subsequently found that the involved player or players are ineligible, the team shall be placed last in the tournament standings and the standings shall be adjusted accordingly.
- e. In tournament play, when an ineligible player is discovered during the game, the offending team loses the game, is ejected from the tournament, placed last in the standings and forfeits all awards, sponsor travel money and berths that would have been awarded at that tournament. If this ineligible player is discovered after the completion of the game (but during the tournament) the game shall stand as played. However the offending team is ejected from the tournament and assumes the same penalties as above.
- f. If a bat is protested as being altered during a game, the suspected offending player may:
  - i. Allow the Director to inspect the bat and reach an initial conclusion on whether or not the bat may be altered. If, after making an inspection, the Director in his discretion decides that the bat may be altered, the suspected offending owner and/or user may:
    - 1. Allow the Director to send the bat to the GSL Altered Bat Committee and/or the manufacturer of the bat for a determination to find out if the bat has been altered.  
NOTE: During the time of the examination of the bat, the GSL, in the discretion of the Altered Bat Committee, may suspend the suspected offending player pending the decision. If the manufacturer of the bat or the Altered Bat Committee determines the bat has been altered, the Altered Bat Committee may suspend a first time offender for up to two years from GSL play. For a second time offender, a suspension may be up to lifetime.
    - 2. Accept a one-year (up to lifetime for a second time offender) suspension from GSL play with no right of appeal.
    - 3. Withhold the bat from inspection and accept a one-year (up to lifetime for a second time offender) suspension from GSL play with no right of appeal.

- g. Any rule protests must be made before the next legal pitch, intentional walk, illegal pitcher action, or before all fielders have left fair territory.
- B. In the absence of a League Rule fixing a time limit, protests that arise, other than during the playing of the game must be filed within a reasonable time. Forty-eight hours from the end of a game is suggested as maximum time limit for filing a written protest.
  - a. A formal protest should contain the following information:
    - i. The date, time and place of the game.
    - ii. Names of the umpires and scorekeeper.
    - iii. The rule and section of the Official Rules, or local league rules adopted general rules under which the protest is being filed.
    - iv. The decision and/or conditions surrounding the cause for the protest.
    - v. All essential facts involved in the matter of the protest.
  - b. The decision made on a protested game may result in:
    - i. The protest is found invalid and game's score stands as played.
    - ii. Protest allowed, game resumed at point of protest, as a suspended game.
    - iii. Protest allowed, game forfeited in favor of the team not at fault.
- C. Highly technical protests and those, which could, or did not have any effect on the playing of the game, or the final results, should be discouraged or disallowed.

Sec. 13. All GSL league and tournament play will institute a profanity rule:

- A. A player, coach, or other team member may not shout profanity, regardless of whether the profanity is directed toward an umpire or other game official, a member of the opposing team, a member of his/her own team – or even towards the player himself/herself.
- B. Any excessive shouting of profanity by a player, coach or other team member results in an immediate ejection of that player, coach or other team member. Additionally, the umpire(s) may eject any player, coach or other team member immediately – prior to any team warning – if the umpire deems the use of profanity to be of a severe nature. The umpire shall be the sole judge as to the severity of profanity for purposes of penalization and ejection.
- C. Immediate ejection for any use of the "F" word or "G.D."

## **RULE 5. THE PLAYERS AND SUBSTITUTES**

Sec. 1. A TEAM shall consist of at least ten players, whose positions shall be designated as: (1) pitcher, (2) catcher, (3) first basemen, (4) second basemen, (5) third basemen, (6) shortstop, (7) left fielder, (8) center fielder, (9) right fielder, (10) short fielder (usually left center) and may have (11 or 12) additional hitters.

- A. Other than the pitcher and catcher, players in the field may be stationed anywhere they choose on fair ground as each pitch is made.
- B. The pitcher, in delivering the ball, must be in legal position at the pitcher's plate or in the pitching area.
- C. As each pitch is delivered, the catcher must be in the catcher's box.

Sec. 2. Slow pitch softball line-ups should include at least 10 players. Teams may start with 9 players if they do not have everyone there, with penalty. Each team must have the designated legal number of players to start or to continue a game. NOTE: Local governed leagues may designate this number during regular season play.

- A. Teams will be allowed to drop down one player from what they started (must have at least 9 at all times), with penalty. The empty spot will be an out in the line-up. The minimum number of players a team will be allowed to drop down to is 9. Any less than 9 and that team must forfeit.
- B. Male rosters shall contain only male players and female rosters shall contain only female players. Co-ed rosters shall contain both male and female players.
- C. Teams may use a courtesy runner every inning and the courtesy runner may be ANYONE on the roster. The courtesy runner may be used unlimited times for one player per inning. If the courtesy runner is on base and comes to bat, an out will be taken for that spot in the order. There will be no substitution for a courtesy runner. Courtesy runners must be in uniform.
- D. Co-Ed play only: Two courtesy runners will be allowed, one (1) male and/or one (1) female.

Sec. 3. A PLAYER or a SUBSTITUTE shall be officially in the game when his name has been entered on the Official Score Sheet, and in possession of the Official Scorer or who has been announced as a substitute by his manager. A substitute may take the place of a player whose name is on his team's batting order. The following regulations govern the substitution of players:

- A. The manager of the team making the substitution or the substitute should immediately notify the umpire.
- B. If for any reason the umpire is not notified of the substitution and the change is not announced, the substitute will be considered in the game as follows:

- a. If the batter, when he takes his place in the batter's box.
  - b. If a fielder, when he takes the place of the fielder substituted for.
  - c. If a runner, when he takes the base runner's place on the base he was holding.
  - d. If a pitcher, when he occupies the pitcher's plate and delivers a practice pitch.
- C. Whether a substitute is announced or not, when he assumes one of the above replacements of a player, any play made by or on this player shall be legal. THERE IS NO PENALTY APPLIED FOR THIS UNANNOUNCED SUBSTITUTE.
- D. Each pitcher whose name is entered on the original lineup and batting order, or who is announced as a substitute pitcher, or who takes a position on the Pitcher's Plate and delivers ONE PRACTICE PITCH, must then pitch to the first batter facing him until the batter has completed that turn at bat, or the side has been retired.
- E. Any other player may be substituted for or removed from the game whenever the ball is dead.
- F. If an ejected player is discovered participating in the game he was ejected from, the game is declared a forfeit.

Sec. 4. CONTINUED PARTICIPATION DUE TO INJURY, BLEEDING OR OPEN WOUND.

Player/substitute, manager, coach, trainer or other team member or umpire who is bleeding or who has an open wound shall be prohibited from participating further in the game until the bleeding is stopped and the wound covered.

- A. If treatment can be administered in a reasonable amount of time, the individual would not have to leave the game. The amount of time is determined by the umpire's judgment.
- B. If excessive time is involved, the re-entry rule would apply to players.
- C. If there is an excessive amount of blood on the uniform or if a bandage becomes blood soaked, in the judgment of the umpire, the uniform/bandage must be changed before the individual may participate.
- D. A player who exhibits signs, symptoms or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion or balance problems), shall be immediately removed from the game and shall not return to play that day until cleared in writing by an appropriate health care professional.

Sec. 5. DOUBLE ENTRY:

- A. Teams will be allowed to substitute all players a maximum of 2 times per game. Any player may be substituted or replaced and re-entered once, providing players occupy the same batting positions whenever in the line-up. (Double

Entry) NOTE: All players listed in the starting lineup are considered entered one time.

EFFECT Sec. 5A. All re-entry by any starter must be reported to the umpire and scorekeeper at the time of re-entry. THERE IS TO BE NO PENALTY FOR UNANNOUNCED, PROPER RE-ENTRY.

B. IMPROPER DOUBLE ENTRY: The act of an improper re-entry is handled as protest by the offended team. Improper re-entry is a violation after a pitch is made.

Example of an improper re-entry is:

a. Starter who re-enters in an incorrect batting position.

EFFECT Sec. 5.a.

- i. If an improper re-entry is discovered by the defense while the player is playing offensively, the following penalties will be enforced:
  1. If the improper re-entry is discovered while he is at bat, player is ejected and a proper substitute assumes any accumulated balls and strikes.
  2. If the improper re-entry is discovered after he has completed his time at bat, but before a pitch has been made to a succeeding batter, he is called out, and the player is ejected from the game. All base runners, if they have advanced, must return to the base occupied at the time the improper re-entry took a position in the batter's box.
  3. If the improper re-entry is not discovered until a pitch is made to the next batter or the improper re-entry enters as a substitute runner, the player is ejected. All play that occurred while the improper re-entry was in the game will stand.
- ii. If an improper re-entry is discovered by the offense while the player is playing defensively, the following penalties will be enforced:
  1. If the improper re-entry is discovered after he makes a play on a fair, batted ball (catch or throw) or a play on a foul fly ball before the next pitch, revert back to the previous pitch, the batter and each base runner are advanced one base. The improper player is ejected.
  2. If the improper re-entry is discovered after a pitch, which did not result in a batted ball on which the improper player made a play, the improper player is ejected (this includes the pitcher).

Sec. 6. EXTRA HITTER (E.H.) rule can be used in the entire program. A Team may insert an extra hitter (1) or hitters (2) into its lineup. The batting order must remain constant; however, any 10 of the 11 or 12 players can take a defensive position throughout the game. If an E.H. is used, the team must finish with no more than one less player than

they originally started with or the game is forfeited. In the Co-Ed Program when the E.H. is used, a Male and Female E.H. must be used. If an additional hitter or hitters is inserted into the lineup after the game has started the player or players will be ejected.

SEC. 7. GSL Softball utilizes a Designated Homerun Hitter (DHH) during play. All teams may have one designated homerun hitter (DHH) that, without penalty, may hit a homerun every time at bat. Teams must designate their DHH prior to the start of the game, or there won't be a DHH for that team. Should the DHH be walked, whether intentional or not, the next person to hit a home run may do so without penalty, until the DHH's spot comes back up in the line-up.

Sec. 8. NO DEFENSIVE PLAYER shall take a position in the batter's line of vision and with deliberate attempt, act unsportsmanlike in any manner in an effort to distract the batter.

EFFECT Sec 8. The umpire shall first warn the offender, and then eject any player from the game who repeats the offense.

Sec. 9. THERE SHALL BE not more than two coaches for the team at bat to give words of assistance and directions to the member of their own team. One coach shall be stationed in each coaching box at first and third bases. They may remain in that box. There shall not be more than one charged offensive conference between players and coaches or other players each inning. Any additional request shall be denied.

Sec. 10. MANAGERS, COACHES, PLAYERS, SUBSTITUTES, TRAINERS or other team members or occupants of the bench, SHALL NOT, from any place including coaches' boxes:

- A. Incite, or try to incite by word, or sign, or demonstration either opponents and/or spectators.
- B. Use language that in any manner refers to or reflects upon opposing players, the umpires, players, or spectators. NOTE: Use of profane or abusive language or taunting will not be tolerated.

EFFECT Sec. 10 A-B. Players violating sections A or B above can be ejected from the game without warning. Immediate ejection for any use of the "F" word or "G.D."

- C. Argue balls and strikes calls.
- D. Be outside the vicinity of the designated dugout (bench) area if not a batter, base runner, on deck batter, or in the coaches' boxes, or one of the ten players on defense.
- E. Commit any act that could be considered unsportsmanlike conduct.
- F. Carelessly throw a bat.

EFFECT Sec. 10. C-F. For a first offense, the violator may be warned that to repeat the offense will cause prompt ejection from the game. All flagrant offenses (including a first offense) shall cause the offender to be immediately removed from the game and playing area. An ejected player must leave the park immediately and take no further part in the game, remaining away from his team's bench or bullpen.

Sec. 11. WHEN TEAM MEMBERS continue to harass the umpire from the bench, and he is unable to detect the offenders, the umpire shall first give warnings, and then if repeated, tell the manager to send all substitutes out of sight of the field, while giving the manager the privilege of sending for as many substitute players as he may need, as he needs them to finish the game.

## RULE 6. PITCHING RULE

Sec. 1. AT NO TIME during the progress of the game shall the pitcher be allowed to use tape or any other substance, including a glove, upon the pitching hand or fingers; nor shall any foreign substance be applied to the ball, provided that, under supervision and control of the umpire, a bag containing powdered resin may be used to dry the hands.

Sec. 2. AT THE BEGINNING of an inning or when a pitcher relieves another pitcher, one minute may be used to deliver not more than THREE PRACTICE PITCHES to the catcher or some other teammate.

Sec. 3. LEGAL POSITIONS OF THE PITCHER'S FEET.

- A. The pitcher may pitch from the pitching plate or from the pitching area, an area the width of the plate and up to six (6) feet behind the pitcher's plate.
- B. Preliminary to pitching, the pitcher shall take a position with his/her pivot foot firmly on the ground and in contact with the pitching plate or pitching area. The pivot foot must be in contact with the pitcher's plate or Pitching area when the pitched ball is released.
- C. The other foot (free foot) has no restriction on position and may be placed on, in front of, to the rear of, or to the side of the pitcher's plate or pitching area. After taking the initial position, the pitcher may take more than one step with the free foot, in any direction of his choice, provided that it is taken prior to, simultaneously with or during the actions of delivering the pitched ball.
- D. After the release of the pitch, there are no restrictions on pitcher's subsequent movements or the fielding positions he may assume as a defensive player.

Sec. 4. PITCHER'S LEGAL MOTIONS ALLOWED IN ACTUAL DELIVERY OF THE PITCH.

- A. After assuming the pitching position on the pitcher's plate or in the pitching area, the pitcher must present the ball in FRONT OF HIS BODY in either one or both hands before starting the delivery motions. Note: All pitching rules that apply to the pitcher's actions before and during the release of the pitch along with the restrictions on height, speed, etc., shall remain the same.
- B. The pitcher may hold or grip the ball in any manner before delivery.
- C. Only a definite underhand motion is permitted in the delivery of the pitch.
- D. The pitcher may release the pitched ball in any manner when delivering the pitch. This includes any and all types of delivery including behind the back and between the legs.

EFFECT Sec. A-D. After the pitcher presents the ball, he may make any windup or arm motions desired, either in front of his body, above his head or behind his back, including stops and pauses in these motions.

- E. Once the pitcher begins his delivery motions; the umpire shall not give a call or signal for "time" unless something unusual occurs.
- F. The pitched ball must be released within 5 seconds from the time the pitcher has the ball and the batter has taken his position in the batter's box. From this point, the umpire shall not give a call or signal for "time" unless something unusual occurs.
- G. Pitcher must face home plate on delivery of pitch.

(NOTE Sec. 4. A-E. Realizing that the pitcher does not fool very many batters to the extent that they cannot hit the ball, it is desired that pitchers not be handicapped by technicalities, when they do develop a new technique or delivery that, perhaps, will add to the pleasure and appeal to the spectators, as long as the pitcher adheres to the basic pitching rules.)

Sec. 5. TYPE OF PITCH PERMITTED.

- A. The ball must be pitched underhanded at slow speed.
- B. The pitched ball must arc at least 5 feet from the ground after leaving the pitcher's hand and before it passes any part of home plate ("clearly identifiable hump").
- C. The pitched ball shall not rise higher than 10 feet above the ground.

EFFECT Sec. 5. A-C. The speed of the pitch and height of the pitched ball are left entirely to the judgment of the umpire (NOTE: For sake of uniformity in decisions, any doubtful pitch should be ruled as an unfairly delivered pitch). The umpire shall warn a pitcher who delivers a pitch with EXCESSIVE SPEED that repeating such EXCESSIVE SPEED PITCH will cause the pitcher's removal from the pitcher's position for the remainder of the game. A pitch that does not arc the full 5 feet from the ground as required (flat level pitch) may not be an EXCESSIVE SPEED PITCH, but merely an unfairly delivered pitch.

Sec. 6. THE CATCHER MUST:

- A. Be in and remain in the lines of the catcher's box when the pitcher is in position and remain until a pitched ball has reached or passed home plate, or is batted.

EFFECT Sec. 6. A. An unfairly delivered pitch.

- B. Immediately return each pitch not hit directly to the pitcher.

EFFECT Sec. 6. B. "ball" shall be awarded to the batter.

Sec. 7. NO PITCH shall be declared immediately when:

- A. The pitcher pitches during a dead ball interval.

B. A base runner is called out for leaving a base too soon.

Sec. 8. A FAIRLY DELIVERED PITCHED BALL includes all pitches that the pitcher delivers in accordance with the several preceding paragraphs and provisions of the pitching rule.

Sec. 9. UNFAIRLY DELIVERED PITCHED BALLS INCLUDE:

- A. Any pitched ball that does not conform to all requirements of a fairly delivered pitched ball.
- B. All pitches made by the pitcher when not conforming to pitching restrictions.
- C. Delivering a pitch from other than the pitcher's plate or pitching area and pitcher's position.
- D. A quick-return pitch.
- E. The pitcher failing to face home plate on delivery of the pitch.

EFFECT Sec. 9. A-E. In each case, an unfairly delivered ball shall be declared a ball by the umpire provided, however, that if the batter strikes at any unfairly delivered pitch, it shall be declared a strike with no penalty for the unfairly delivered pitch. The ball remains in play if batted by the batter. (NOTE: These unfairly delivered pitches will NOT be verbalized by the umpire until the pitched ball reaches or crosses the plate.)

Sec. 10. ILLEGAL PITCHER'S ACTIONS INCLUDE:

- A. Holding the ball by the pitcher longer than 5 seconds.
- B. Throwing the ball by the pitcher to any fielder, unless making preliminary warm-up pitches or making an effort to complete an appeal play, or while the ball is dead.

EFFECT: Sec. 10. A-B. The umpire should immediately indicate "DEAD BALL" and award a ball to the batter.

Sec. 11. APPEALING WHILE THE BALL IS LIVE (before umpire calls "time"): Any fielder can appeal a runner once. During a live ball appeal, the defensive team must verbally state their appeal and touch the runner or the base which they are appealing. Ball is live and all runners may advance with liability of being put out.

Sec. 12. APPEALING AFTER BALL IS DEAD: Umpire signals "play ball"; the pitcher announces which runner and base he is appealing. The ball is now live only for the purpose of making an appeal.

EFFECT: Sec. 12.

- A. The defensive team can have only one attempted appeal per runner.
- B. No runner may advance on an appeal play after time has been called.
- C. No runner is out if he steps off the base during an appeal.

D. When a ball is thrown into a dead ball area, the team forfeits their right for a second appeal on any runner.

Sec. 13. Any second conference with the same pitcher in an inning will require the removal of that Pitcher from that position for the remainder of the game.

Sec. 14. Delivery – One foot must remain in contact with the pitcher's box when the pitch is released with an underhand motion. The pitcher must face the batter while delivering the ball to the batter. The catcher must remain within the lines of the catcher's box until the pitched ball is batted, touches the ground or plate, or reaches the catcher's box.

Sec. 15. If a pitcher chooses to wear a mask, and once the pitcher begins his/her delivery, the pitcher MAY NOT remove the mask. This is a safety concern. The Umpire will call time immediately, call a "ball" on the batter (even if the pitch isn't delivered), and the pitcher will be warned. The next offense will result in removing the pitcher from the pitching position for the remainder of the game.

Sec. 16. To clarify, GSL umpires do NOT verbally or visually call illegal pitches.

## **RULE 7. BATTING**

Sec. 1. THE BATTING ORDER of each team must be listed and delivered to the OFFICIAL SCOREKEEPER, by the MANAGER or team representative. Should an Official Scorekeeper not be assigned to the game, the BATTING ORDER must be delivered to the Umpire-In-Chief, prior to the starting time of the game. After each team has submitted its own batting order, both lineups shall be made available to both teams, for their inspection and knowledge. The lineups are considered official once the umpire puts the ball in play to begin the game.

EFFECT Sec. 1. Each manager must have submitted his own team's lineup, before he can have access to the lineup of his opponents. The umpire may forfeit the game if there is unwarranted delay in providing a lineup for batting order purposes.

- A. The batting order thus submitted must be followed throughout the game, unless a substitute replaces a player. When this occurs, the substitute must take the turn in the regular order at bat of the player he replaces.
- B. Each player of the side at bat shall become the batter and enter the batter's box in the order in which his name appears on the score sheet.
- C. The first batter in each following inning shall be the batter whose name follows that of the player who last completed a turn at bat in the preceding inning.
- D. A batter completes a time at bat when he has either been put out or has become a base runner.
- E. When a third out of an inning is made before the batter can complete his turn at bat, the same batter will be the first batter in the next inning and all previous called balls and strikes will be canceled.

EFFECT Sec. 1. A-E. Batting out of order is an appeal play by the defense.

1. If an incorrect batter is discovered before he completes his turn at bat, the correct batter may take his proper place, assuming any accumulated balls and strikes.
2. If the mistake is discovered after the incorrect batter has completed the turn at bat and before a pitch has been made to a succeeding batter, the batter who should have batted is called out. All base runners, if they have advanced, must return to the base occupied at the time the incorrect batter took a position in the batter's box. The next batter is the player whose name follows that of the batter called out for failure to bat. This may even be carried over to the first batter of the next inning, if the appealed out was the third out.
3. If the mistake was not discovered until a pitch is made to the next batter, the turn at bat of the incorrect batter is then legal. All bases advanced or

runs scored are counted, the next batter shall be the one whose name follows that of the incorrect batter who just finished a time at bat. No one is called out for failure to bat and players missing their turn at bat have lost that turn and do not bat again until reached in the regular batter rotation. EFFECT Sec. 1. E. 2-3. For purposes of interpretation, an intentional walk to a next batter or illegal pitcher's action shall be considered the same as a pitch delivered to the batter.

Sec. 2. THE BATTER IS OUT IF:

A. He bats illegally. (Refer to RULE 3.)

B. He hits the ball with an illegal or altered bat. The umpire must discover this illegal action before the next pitch, either by observation or because of an appeal from the defensive team.

EFFECT Sec. 2B. If the batter hits the ball with an altered bat, the ball is dead, the batter is out, and he is ejected from the game/tournament, and immediately reported to the State Director for consideration of disbarment proceedings.

C. He bunts or chops the ball deliberately downward (either fair or foul).

D. He has a second strike.

Note: The batter is out on 2 strikes and walks on 3 balls.

a. He hits second foul after one strike, then the ball is dead.

E. He steps across the plate with the pitcher in pitching position.

F. He intentionally interferes with the catcher attempting a play.

G. Any member of his team interferes with a fielder attempting to make a play on a foul fly ball.

H. He hits a fair fly ball or line drive that an infielder intentionally drops, with a runner on first, runner on first and second, first, second and third, or on first and third with less than two outs. NOTE: A trapped ball that hits the ground is never ruled intentionally dropped.

EFFECT Sec. 2. H. The umpire shall immediately call the batter out (in a forceful manner) and the ball is dead.

I. He hits a fly ball that is legally caught.

J. He hits an infield fly, with runners on first and second, or on first, second and third bases with less than two out.

EFFECT Sec. 2. I-J. The ball remains live and in play, and the runners are in jeopardy.

1. If a declared infield fly falls to the ground untouched and bounces foul before passing first or third bases, it is a foul ball.

2. If a fly ball falls to the ground untouched outside the foul lines then bounces fair, before reaching first or third bases it is an infield fly. NOTE: Umpire should always call "INFIELD FLY- IF FAIR" to protect himself.

Sec. 3. A STRIKE IS CALLED BY THE UMPIRE:

- A. For each fairly delivered pitched ball by the pitcher that passes through the strike zone before touching the ground.

EFFECT Sec. 3. A. An umpire should not let the batter's position, either in the front part, or the rear of the batter's box, be of influence in calling strikes. Each pitch should be adjudged according to the height of any part of the ball as it is crossing only above or over any part of the home plate. Any individual who repeatedly argues balls and strikes will be ejected.

- 1. The strike zone is only that part, or any part of the area, over home plate that is lower than the top of the batter's highest shoulder, or higher than the bottom of his FRONT KNEE.

- B. For each pitch struck at and missed by the batter.
- C. For a batted ball striking the batter, while he is in the batter's box with no strikes.
- D. For each foul tip. The batter is out if this is the second strike.
- E. For a foul ball not caught on the fly with no strikes.
- F. The umpire shall not give a call or signal for "TIME" when a batter steps out of position after a pitcher has started his delivery motions.  
EFFECT Sec. 3. F. If the pitcher pitches, the umpire shall call "STRIKE" on each such pitch. The batter may take his proper position after any such pitch (within 10 seconds) and regular ball and strike count shall continue.
- G. When the batter delays entering the batter's box after the umpire signals play ball. After 10 seconds the umpire shall declare dead ball and a strike shall be called on the batter.

Sec. 4. A BALL IS CALLED BY THE UMPIRE on each pitch not swung at by batter if:

- A. The pitched ball does not enter the strike zone.
- B. The ball strikes the ground before passing completely across home plate, or any part of the plate.
- C. A pitched ball strikes any part of home plate.
- D. Any unfairly delivered pitch is made and not struck at.
- E. There is an illegal pitcher action.
- F. A pitched ball is not released within 5 seconds from the time the pitcher has the ball and the batter has taken his position in the batter's box.
- G. The catcher fails to return each pitch that is not hit directly to the Pitcher.  
EFFECT Sec. 4. A-G. The pitched ball is dead after each ball, strike or illegal pitcher action and must be returned immediately to the pitcher (unless an out occurs). Any individual who repeatedly argues balls and strikes will be ejected.

Sec. 5. A FAIR BATTED BALL is a legally batted ball that is immediately in play.

EFFECT Sec. 5.

1. A batted ball which first falls to the ground in foul territory and then rolls or bounces into fair territory, before passing first or third bases, and without having touched some object other than the ground, is a fair ball. A batted ball first touching the ground in fair territory, then rolling into foul territory and then again rolling into fair territory, is also a fair ball provided the ball did not touch anything while over foul territory other than the ground.
2. A fair or foul ball shall be judged according to the position of the ball, relative to FOUL LINES including the FOUL POLE, and not whether the fielder is on or over the fair or foul territory at the time the ball is first touched.
3. When a batted ball passes out of the field over a fence the umpire shall declare it fair or foul, according to position of the ball, as it leaves the playing field.
4. When a batted ball hits any object including a fielder and is ruled a fair ball under the rules, it is always treated as a fair ball regardless of what happens to the ball or where it may go.
5. A fly ball falling beyond first or third base is judged at point of first contact.

Sec. 6. A FOUL BALL is a legally batted ball that does not conform to the provisions or rules that would cause it to be a fair ball.

EFFECT Sec. 6. A batted ball which first strikes any person, object, fence, bench, screen, bat or other equipment, or which goes into pre-determined out-of-play area in foul territory, remains a foul ball regardless of where it may go.

1. It is a strike unless the batter already has one strike.
2. A foul fly may be caught, thus putting the runners in jeopardy. (Refer to 7-2D for exception).
3. A foul ball not caught is a dead ball, and the runners must return to their bases.

## **RULE 8. BASERUNNING**

Sec. 1. A BASE RUNNER WHILE ADVANCING OR RETURNING MUST TOUCH EACH BASE IN LEGAL ORDER: first, second, third and home base.

EFFECT Sec. 1. A base runner can only acquire the right to an advanced base by touching it before having been put out and shall be entitled to hold such base until he touches the next base legally or if forced to leave the base because the batter becomes a base runner and thus forces him to leave his base.

Sec. 2. THE BATTER BECOMES A BATTER-RUNNER INSTANTLY WHEN HE HITS A FAIR BALL.

EFFECT Sec. 2. The batter-runner is in jeopardy immediately:

1. If a fair batted ball strikes the umpire or base runner while off base before passing a fielder, other than the pitcher. The ball is dead immediately and the batter is entitled to first base without liability to be put out.
2. If the fair batted ball hits the umpire or base runner after passing a fielder other than the pitcher, or touches any fielder including the pitcher, it remains in play with all runners being in jeopardy.
3. The pitcher becomes an infielder after releasing the pitch to the batter and when, in the opinion of the umpire, has a reasonable opportunity to field a batted ball. (This will be considered an umpire's judgment.)
- 4.

Sec. 3. THE BATTER IS AWARDED FIRST BASE:

- A. When four balls are called by the umpire. Note: The batter walks on 4 balls and is out on 3 strikes.
- B. When the pitcher tells the umpire to intentionally walk a batter.  
Effect Sec. 3. A-B. Batter is awarded first base only. The ball is dead.
- C. If the catcher or other fielder obstructs or prevents him from striking at a pitched ball. The offensive manager has the option to accept obstruction or result of the play.

EFFECT Sec. 3. C. When a batter is obstructed, the batter is awarded first base because of the obstruction, EXCEPT that if the batter succeeds in hitting the pitch and reaches first safely and no preceding runner is put out before advancing at least one advanced base, the obstruction should not be called or enforced. If the obstruction is not enforced, the ball remains live and in play.

Sec. 4. A BATTER-BASE RUNNER IS OUT under the following circumstances.

- A. When he is hit by his own batted ball in Fair territory, after leaving batter's box.

- B. When he drops the bat in fair territory and it makes contact with a fair ball by moving into the ball.
- C. When a fly ball is legally caught, with the fielder's feet within the established boundaries of the field.
- D. When, after a fair ball, a fielder holds the ball on first base before he touches or passes that base.
- E. When, after reaching first base safely, he over runs or over slides that base and then makes an attempt to start to second base before returning to first base.  
EFFECT Sec. 4. E. The runner is in jeopardy and must be tagged or put out.
- F. When, after hitting a fair ball, and while the ball is still live, the batter-runner carries the bat and touches first base or runs beyond first base while carrying the bat. Note: If this action results in the third out of an inning, no runs shall score.
- G. When, after hitting a fair ball, and while the ball is still live, the batter-runner goes into dead ball territory.  
EFFECT Sec. 4. F-G. In these situations, the ball remains live and in play and other base runners are in jeopardy. This does not apply to walks and home runs as the ball is dead in those situations.
- H. When he runs out of the 3 foot line and interferes with a fielder taking the throw or making a play at first base.
- I. When he interferes with a fielder attempting to field a batted ball or intentionally interferes with a thrown ball. If this interference in the judgment of the umpire is an obvious attempt to prevent a double play, the base runner closest to home plate shall also be called out.  
EFFECT Sec. 4. H-I Ball is dead.

Sec. 5. BASE RUNNERS ARE OUT under the following circumstances:

- A. When a base runner fails to keep contact with the base to which he is entitled, until a pitched ball touches the ground, has reached or passed home plate, or is batted.  
EFFECT Sec. 5. A. No pitch is declared, the ball is dead and the runner out.
- B. When the base runner interferes with a fielder attempting to field a batted ball or intentionally interferes with a fielder catching a ball or throwing a ball, or with a thrown ball.  
EFFECT Sec. 5. B. If the interference is not ruled intentional; the batter-runner is entitled to go to first base. If, in the opinion of the umpire, the interference is an obvious attempt to prevent a double play, the immediate succeeding runner shall also be called out. When a base runner interferes after he is out or after scoring, the most advanced runner shall be declared out.

- C. When a base runner is struck by a fair batted ball on fair ground while off the base and before it touches a fielder or passes a fielder.
- D. When a base runner intentionally kicks a live ball, or intentionally interferes with a ball in play, whether or not the runner is in contact with his base.
- E. When a base runner runs bases in reverse order other than when permitted to.  
EFFECT Sec. 5. B-E. It is a dead ball immediately and the involved base runner is out.
- F. When a base runner who has been put out continues to run the bases, thus simulating a live base runner, and thereby draws a throw to retire him a second time.
- G. When members of the team at bat stand or collect at or around a base toward which a base runner is advancing, thereby confusing the fielders in adding to the difficulty in making a play.
- H. When a coach intentionally interferes with a live, batted ball or thrown ball.
- I. When a coach runs in the direction of home plate or any other base, on or near a baseline, while the fielder is attempting to make a play on a batted ball or on a thrown ball, and thereby draws a throw in his direction.
- J. When a base runner is attempting to score and the next batter or other team members interfere with the attempted play.
- K. When a member of the offensive team or their equipment causes a blocked ball.  
EFFECT Sec. 5. F-K. The infraction constitutes INTERFERENCE. All play stops; the ball is dead, and the MOST ADVANCED RUNNER IS CALLED OUT. NOTE: In "G," immediately above, team members include all other persons who are on the team's bench.
- L. When anyone other than another runner physically assists him while the ball is in play.
- M. When, while the ball is in play, he is legally touched with the ball in the hands of a fielder while not in contact with a base.
- N. When, on a force out, a fielder tags him with the ball (while on or off a base) or holds the ball on the base to which the base runner is forced to advance before the base runner can reach the base.
- O. When running toward any base, he runs more than 3 feet from a direct line between a base and the base he is trying for to avoid being tagged with the ball in the hands of a fielder.
- P. When a base runner PHYSICALLY PASSES a preceding runner before that runner has been put out.
- Q. When a base runner fails to attempt to advance and goes into dead ball territory.

- R. When he positions himself behind, and not in contact with, the base to get a running start.  
EFFECT Sec. 5. L-R. In these situations, the ball remains live and in play, the involved base runner is out and other base runners are in jeopardy.
- S. When a base runner fails to return to touch the base to which he is entitled when play is resumed after any suspension of play caused by a dead ball situation, if the fielder legally holds the ball on that base.
- T. When a base runner leaves his base to advance to the next base before a fly ball has been touched or touches some object, provided that if the fly ball is caught and returned to a fielder and legally held on the base left, or if a fielder touches the runner with the ball before the runner returns to retouch his original base.  
EFFECT Sec. 5. S-T. These are appeal plays and the defensive team loses its right to make an appeal on any of these situations if the appeal is not made known before the next legal pitch, or illegal pitcher action, intentional walk or before all fielders have left fair territory.
1. Unless there are two outs, this status of a following runner is not affected by a preceding runner's violation or failure to comply.
  2. If, on appeal, a preceding runner is the THIRD OUT no following runner shall be allowed to score.
  3. If, the appealed out is the THIRD OUT, and is the result of a force out, neither the preceding nor following runners shall score.
  4. If the appealed out is the third out and is the result of the batter-runner not touching first base, preceding runners shall not score.
  5. On any appealed play not a force out, all runners in advance of runner being appealed out who touch home plate legally before actual physical completion of the THIRD APPEALED OUT in any inning, shall be counted. Succeeding runners cannot score.
- U. When a base runner fails to touch an intervening base or bases in regular or reverse order while the ball is in play and the ball is held legally on the missed base or the runner is legally touched with the ball while off the base.
- V. When a defensive player clearly has the ball and is waiting for the runner and the runner deliberately and forcefully runs into the defensive player, the runner is declared out.  
EFFECT Sec. 5.V. The offender shall be ejected, the ball is dead and all other runners must return to the last base touched at the time of the collision.
- W. When a base runner jumps over a defensive player waiting to tag, the runner is out. If the feet go over waist high, or if the defensive player is kneeling, and the base runner's feet go above the head of the defensive player, the base runner is not only out but may be ejected from the game. If in an umpire's

judgment, it all happened in the spur of the moment, and was not intentional, the runner will just be called out.

Sec. 6. BASE RUNNERS ARE ENTITLED TO ADVANCE WITH LIABILITY TO BE OUT:

A. When any live ball continues to be in play.

EFFECT Sec. 6. A.

1. The umpire shall call "TIME" when base runners cease to try to advance, because the fielders have the ball ahead of them and all immediate play is apparently completed.
2. Base runners must return to the last base touched and entitled to, immediately when play is stopped in accordance with the above stipulations, they are to remain until able to leave this base legally on the next pitched ball.

B. When, during a live ball play, following a batted ball, the ball is overthrown in either fair or foul territory and does not become a blocked ball.

C. When any legally caught fly ball is first touched by a fielder.

D. When a live thrown ball strikes the person of an umpire or base runner.

E. When a fair batted ball or a live thrown ball accidentally strikes a coach.

F. When another base runner physically passes a preceding base runner.

G. When a preceding base runner fails to touch a base as required.

EFFECT Sec. 6. B-G. In all these cases the ball remains live with all runners continuing to be in jeopardy.

H. When a fielder deliberately contacts or catches a batted or thrown ball with his cap, glove or any part of his uniform or equipment, while it is detached from its proper place on the fielder's person.

EFFECT Sec. 6. H.

1. On a fair batted ball, or a ball over foul ground in a situation that might become a fair ball, all base runners are entitled to advance 3 bases from the time of the pitch.
2. On a thrown ball all base runners are entitled to advance 2 bases.
3. In each case, the runners may advance further at their own risk, being in jeopardy after reaching the awarded bases. NOTE: If, in the opinion of the umpire, a fair batted ball would have cleared the outfield fence if not interfered with, the batter shall be awarded a home run.

Sec. 7. BASE RUNNERS ARE ENTITLED TO ADVANCE WITHOUT LIABILITY TO BE PUT OUT:

A. When a fair batted ball goes over the fence or into a stand without touching the ground, the batter shall be entitled to a home run.

EFFECT Sec. 7. A. A fair ball that clears the fence before touching anything which is not caught, is a home run. This includes any ball hitting the top of the fence and going over the fence.

1. When a batted ball, either fair or foul, is legally caught on the fly while the fielder's feet are still within the established lines of the playing area, the batter is out even though the fielder's momentum may cause him to fall over the fence, into a dugout, or patron areas, or cross a line, or marking the out of play area, provided in the umpire's judgment the catch was completed. The ball is declared dead and each and every runner is advanced one base after the catch. If ball is carried intentionally into a dead ball area, two bases are awarded to each base runner.
- B. When a fair batted ball bounds or rolls into a stand over, under or through a fence or other boundary of the playing field, base runners are awarded two bases, from the time of the pitch.  
EFFECT Sec. 7. B. This award is made whether or not the batted ball is first touched by a fielder.
- C. When a fielder catches a ball with an illegal glove, the catch is nullified.  
EFFECT Sec. 7. C. The umpire must discover this illegal action before a next pitch, either by observation, or because of an appeal from the offensive team. The result of this shall be to revert to the previous pitch, disallow the catch and charge an error to the fielder. The ball is dead, and the batter and each base runner are advanced one base.
- D. When forced to advance because of the batter being awarded first base.
- E. When he is obstructed by a fielder between the bases or as he rounds a base, unless the fielder is trying to field a batted ball, or had the ball in his possession ready to tag the runner.  
EFFECT Sec. 7. E. The obstructed runner shall be awarded at least one base beyond the base he had last legally touched before the obstruction. The umpire should also award the runner all other advanced bases that he believes the runner would have made, had no obstruction occurred, without waiting for an appeal from the offensive team. If the runner continues beyond the base awarded by the obstruction, he then becomes in jeopardy. The ball remains live with all other runners in jeopardy, except any preceding runners, forced by the award as penalty for obstruction, shall advance without liability to be put out to the base which they are awarded.
- F. When a ball is live after a batted ball and is overthrown into foul territory and is blocked.  
EFFECT Sec. 7. F. In all cases, when a blocked ball occurs on an overthrown live ball, the ball is immediately dead. Each and every base runner is awarded two bases from last base occupied, unless required to retouch.  
NOTE: For offensive equipment or team representative causing a blocked ball, the runner closest to home will be declared out and all other runners must return to the last base touched when the ball becomes blocked.

- a. When a FIRST throw is made by an Infielder trying for a first play, the award is made from the batter's and a base runner's positions at the time of the pitch.
- b. When an infielder makes any FIRST attempt at a play, and then makes a second attempted play or throw, or on any throw from the outfield, the award is made from the last base touched by a runner at the time this throw is released. NOTE: Should more than one runner be between the same bases, the advanced runner governs the award.

G. When an accident or incident occurs that prevents a base runner from proceeding to a base to which he is entitled, as on a home run or other awarded base, a substitute runner shall be permitted to take his place when a play is resumed so to complete the play.

EFFECT Sec. 7. A-G. In each and every instance, when a batter or runner is awarded one or more bases, each base must be touched in regular order when advancing; otherwise, the team in the field may make an appeal on the runner at the missed base, which shall be allowed.

Sec. 8. A BASE RUNNER FORFEITS EXEMPTION FROM LIABILITY TO BE PUT OUT, IF:

- A. While the ball is in play, he fails to touch each base in legal order before attempting to make the next base. Either the batter-runner at first base, or any other runner forced to advance because the batter became a base runner, is considered as a force out, should an appeal be made.
- B. After reaching first base, the batter-runner's momentum causes him to overrun or over slide first base; the batter-runner makes an attempt to start toward second base before returning to retouch first base.
- C. After dislodging in a base, the runner attempts to continue to the next base.  
EFFECT Sec. 8 C. To avoid being in jeopardy, the runner must either remain with the dislodged base or remain stationary at the base's proper location; that is, where the base was originally located. If the base runner makes a start toward the next advanced base and then tries to return to the dislodged base, he is in jeopardy and it is entirely within the umpire's judgment whether or not the runner should be safe or out.

Sec. 9. BASE RUNNERS MAY, AND SHALL, RETURN TO BASES AT VARIOUS TIMES:

- A. Base runners required to return, or attempting to return, when the ball is in play must touch each base in regular legal reverse order, which includes any intervening bases.  
EFFECT Sec. 9. A. (NOTE: the below are APPEAL PLAYS.)
  1. Base runners are in jeopardy until they return to their bases, in order to comply with the several sections of these rules, when the ball is live.

2. No base runner may return to a preceding base after the ball has been declared dead if the base runner touches any succeeding base, or after a following Runner has scored.
3. No base runner may return to retouch a missed base, after a following runner has scored.

- B. Two base runners may not occupy the same base simultaneously.  
EFFECT Sec. 9. B. The first runner touching a base shall be entitled to occupy it until he has touched the next base legally or is forced to leave the base due to the batter becoming a base runner. The following runner may be put out by being tagged with the ball even though both runners are in contact with the same base.
- C. A base runner shall not run bases in reverse order to confuse the fielders nor to make a travesty of the game.  
EFFECT Sec. 9. C. The base runner shall be declared out by the umpire and the ball is dead.
- D. A base runner returning to a base to retag a base on a fly ball caught and thrown by a fielder to any base. If the ball is thrown by a fielder into the restricted area, the base runner shall be awarded the base he must retouch, plus one base. Since the base runner is required to regain the base he first occupied, he is awarded that base and only one more.  
EFFECT Sec. 9. D. If the base runner is in contact with the base, he will be awarded two bases from the time of the throw. If he leaves the base too soon, he will be awarded the base he must retouch plus one base. It may now become an APPEAL PLAY and the base runner may be put out. The determining factor shall be whether the base runner had possession of the base at the time of the throw.
- E. A base runner returning to a base on a ground ball or any time runners are not required to retouch the bases; runners are awarded two bases from the last base occupied.

Sec. 10. BASE RUNNERS MUST RETURN TO THEIR BASES:

- A. When any foul ball is not legally caught.
- B. When any illegally batted ball occurs.
- C. When a proper batter is out on appeal for failing to bat in order.
- D. When an offensive player is called out for interference.
- E. When an umpire or base runner is struck by a fair batted ball, before it touches a fielder or passes any fielder other than the Pitcher.
- F. When time out is called by the umpire.  
EFFECT Sec 10. A-F.
  1. The ball is immediately dead.

2. Base runners may be forced to advance if the batter is credited with a hit as per "E" above, thus awarded first base, thereby forcing other runners to advance.
3. Base runners need not touch intervening bases when required to return.
4. Base runners must be allowed sufficient time to return when required.

Sec. 11. BASE STEALING OR ADVANCING IS NOT PERMITTED AS A RESULT OF ANY PITCHED BALL NOT BATTED: Base runners must keep in contact with their base and may leave it ONLY when a pitched ball has reached or passed home plate, is batted or hits the ground.

EFFECT Sec. 11.

1. Each pitch not hit becomes dead and base runners must immediately return to their base, as the catcher is returning the ball to the pitcher at his position.
2. After a runner has returned to his base, he cannot leave it again, during a pitched ball situation until the pitched ball again reaches home plate, is batted or touches the ground.

Sec. 12. BASE RUNNERS ARE NOT OUT:

- A. When a batter-runner overruns or over slides first base and immediately returns to that base.
  - B. When a base runner is required to return to a base and is not given sufficient time to return.
  - C. When a base runner is touched with the ball not securely held by a fielder.
  - D. When a defensive team does not attempt an appeal play until after a next pitch is made.
  - E. When a base runner holds his base until a fly ball is touched, and then attempts to advance.
  - F. When a base runner runs outside a baseline, and behind a fielder attempting to field a batted ball.
  - G. When a base runner runs outside the baseline, other than to avoid a fielder attempting to tag him with the ball.
  - H. When a base runner is hit by a batted ball that has passed or touched a fielder.
  - I. When a base runner makes contact with a fielder, not entitled to field the ball, when more than one fielder is attempting to field a batted ball.
  - J. When a base runner sliding into a base dislodges it from its proper position.
- EFFECT Sec. 12. J. If a runner sliding into a base is adjudged to be safe by the umpire before dislodging the base, he remains safe by either staying at the position the base is supposed to occupy or by remaining in contact with the

base. The runner puts himself in jeopardy when he attempts to advance to the next base. If he then tries to return to the misplaced base, it is entirely within the umpire's jurisdiction to declare the runner safe or out, if he is tagged with the ball.

- K. Following runners are not required to touch a base if the base is several feet removed from its proper location.

EFFECT Sec. 12. K. Following runners may either touch the dislodged base or touch the original position of the base as if the base were in its proper location.

- L. When, while in contact with the base, the base runner is hit with a fair batted ball unless the umpire rules that the ball was intentionally interfered with, or a fielder interfered with, while attempting to field a batted ball.

- M. When while in contact or off of a base, the base runner is hit with a fair batted ball that first hits a base unless the umpire rules that the ball was intentionally interfered with, or a fielder with, while attempting to field a batted ball.

EFFECT Sec. 12 L-M. The ball remains live with all runners continuing to be in jeopardy.

## **RULE 9. BALL IN PLAY AND BALL DEAD**

### Sec. 1. THE BALL IS LEGALLY PUT IN PLAY BY THE UMPIRE:

- A. At the start of the game when the pitcher has the ball while standing at the initial pitcher position on the pitcher's plate or in the pitching area, the batter in the batter's box, the catcher in catcher's box and the umpire signals "play."

- B. When the pitcher delivers the pitch toward home plate.
- C. When the batter hits the pitched ball legally.
- D. As long as there is a play resulting from a legally batted ball.
- E. When a live ball strikes a photographer, groundskeeper, policeman, or others when they are assigned to the field as part of the game.

- N. When obstruction is called but the runner obstructed cannot be put out until he reaches the base to which he is entitled because of the obstruction.
- O. When a base runner must return to a base in reverse order while the ball is live and in play.

- S. When a base runner is called out for being out of the baselines.
- T. When a base runner is forced or tagged out.

- U. When an appeal play is involved or enforced.  
EFFECT Sec. 2. U. This applies during an appeal play situation, which is attempted before the umpire has called "TIME." However, after a DEAD BALL interval, base runners may not advance during the execution of an appeal play, made immediately after the ball is again put in play.
- V. Whenever the ball is not DEAD, as provided in section 3 of this rule.

Sec. 3. THE BALL IS DEAD AND NOT IN PLAY:

- A. When no pitch is declared.
- B. When an illegal pitcher's action is declared.
- C. When a base runner is called out for leaving a base too soon on a pitched ball.
- D. After each pitched ball and strike not batted.
- E. When a pitched ball touches any part of a batter's person.
- F. When a batter bats illegally, or hits the ball with an illegal or altered bat.
- G. When a batter deliberately BUNTS or CHOPS THE BALL DOWNWARD.

- N. When an offensive team member causes interference.
- O. When the base runner deliberately crashes into a defensive player who is waiting to make a tag.
- P. When a base runner is off a base and is hit with a fair-batted ball before the ball is touched by or passes through the infielders.
- Q. When a blocked ball occurs.
- R. When the ball gets outside the established limits of the playing field.
- S. When a coach intentionally interferes with a batted or live-thrown ball.
- T. When a ball is caught with an illegal glove in any manner.
- U. When a spectator or other person not in the game causes interference.

- W. When "TIME" is called for any reason by the umpire.
- X. When there is obstruction on the batter, which is enforced.

EFFECT Sec. 3. N-X. The ball is immediately dead; however, the runners are permitted to retain any bases they may have advanced to, or any bases they may be awarded at the time of, or because of, the interference.

## **RULE 10. UMPIRES**

Sec. 1. POWERS AND DUTIES: Umpires are the representatives of the organization or league for which they have been engaged or assigned to for a particular game. As such, they are AUTHORIZED AND REQUIRED to enforce every section and all parts of these rules.

EFFECT Sec. 1. Umpires have the power and should use it with discretion to order a manager, coach, captain or player to do or to omit to do any act which, in their judgment, is necessary to give force and effect to one and all of these rules and to assess penalties as prescribed within the Rule Book.

Sec. 2. GENERAL INFORMATION AND REGULATIONS FOR UMPIRES:

- A. The official umpire uniform, standard for sanctioned play, includes approved and licensed products. NOTE: If more than one umpire is used per game, they must be dressed in a similar fashion.
- B. The umpire working behind the catcher, judging balls and strikes shall be designated Umpire-In-Chief, with the umpire judging initial base decisions designated as the base umpire.
- C. Neither umpire has the authority to set aside decisions made by the other umpire within the limits or scope of his respective duties as outlined in these rules.
- D. Under no circumstances shall either umpire seek to revise a decision made by his associate, nor shall either umpire criticize or interfere with the duties of his associate, unless asked by him to do so.
- E. An umpire may consult with his associate at any time he desires to do so or when requested to do so by a manager. However, the final decision shall rest with the umpire whose exclusive authority it was to make the decision and who requested the opinion of the other umpires.
- F. If different decisions should be made on one play by different umpires, the Umpire-In-Chief shall call all umpires into consultation, with no other person present. After consultation, the Umpire-In-Chief shall determine which decision shall prevail, based on which umpire was in the best position and which decision was most likely to be correct. Play shall then proceed as if only one decision had been made.
- G. The umpires shall declare the batter or base runner safe or out without waiting for an appeal for such decision, in all cases where such player is safe or out in accordance with this set of rules.

EFFECT Sec. 2. G. Unless appealed to, an umpire does not call a player out for having left a base too soon on a fly ball caught, failing to touch the base as required, batting out of order, or making an attempted start to go to

second base, or after the batter-runner has crossed first base, as provided in these rules. No appeal will be considered or allowed after a next pitch is made to a batter, or during a suspension of PLAY, when "TIME" is in effect.

- H. Umpires must make any necessary, pertinent and proper report in writing after a game when requested and where a verbal report is not considered sufficient.
- I. The duties of an umpire do not include the filing of a protest for either team, although the umpire is required to defend any decision protested, when requested.

Sec. 3. EITHER THE PLATE OR BASE UMPIRE SHALL HAVE EQUAL AUTHORITY TO:

- A. Call illegal pitcher's actions or unfairly delivered pitches.
- B. Call a base runner out for leaving a base too soon.
- C. Remove a manager, coach, player or team follower for violating these rules.
- D. Call "TIME" when play should be suspended.
- E. Ordering field lights turned on.

Sec. 4. SPECIFIC DUTIES OF THE UMPIRE-IN-CHIEF:

- A. He shall have full responsibility for the proper conduct of the game.
- B. He shall take his initial position behind the catcher's position.
- C. He shall call each pitch not hit a ball or strike.
- D. He shall by agreement with, and in cooperation with, the base umpire: call plays, batted balls fair or foul, illegally batted balls and legal or illegally caught balls.

EFFECT Sec. 4. D. On plays which necessitate the base umpire leaving the Infield, the plate umpire shall move out and assume the duties of the base umpire that are normally required such as runners tagging the bases, obstructions, interferences, etc.

- E. He shall determine and declare whether:
  - 1. A batter bats illegally.
  - 2. A batter bunts or chops the pitched ball downward.
  - 3. A fly ball is an infield or outfield fly.
  - 4. A batted ball touches the person of the batter.
  - 5. A batter strikes at the pitch.
- F. He shall render base decisions in the following instances:
  - 1. On plays on the base runner at home plate.
  - 2. On an appeal, decide whether a base runner leaves third base too soon on a caught fly ball.
  - 3. If there is more than one runner on base, take the plays and make the decision on the runner nearest the home plate, during plays on runners.

4. With only two umpires working, and there is a batted ball, go to third base for any subsequent decision at that base, after initial decision in the inning.

EFFECT Sec. 4. F. Plays at the home plate are always to receive first considerations; however, while the base umpire normally makes the FIRST DECISION at first, second or third if the FIRST DECISION or PLAY is made to either first or second base, the plate umpire should position himself to make all subsequent decisions at third base.

- G. When a TIME LIMIT has been set prior to the game starting time, announce this fact before the game is started, and state the time set to end the game. The scorekeeper keeps this time and total playing time of games.
- H. Check with the official scorer, advising that official to have managers advise the scorer about the official batting order and any subsequent substitutions made.
- I. I. Should a dispute arise during or immediately following the game, assist the scorer to arrive at a correct decision and the score.
- J. He alone shall have the authority to declare a game forfeited.

Sec. 5. SPECIFIC DUTIES OF THE BASE UMPIRES:

- A. He shall take such positions on the playing field which will give him the best angles and positions for using his judgment in rendering base decisions. This will be in agreement with and cooperation of the Umpire-In-Chief. Whenever there are any runners on base, he must position himself even with second base or outside the diamond.
- B. When a ball is batted, he normally should render all FIRST decision to be made at any base, and then position himself to make all decisions at first and second base, as well as third base, should situations dictate the plate umpire remain or return to home plate.
- C. He shall assist and cooperate with the plate umpire at all times in every way to assure that all plays receive a proper and correct decision, and that the playing field is fully observed during the playing of the game.
- D. He may and should be required to go into the outfield to call certain outfield decisions, when the plate umpire would be at a great disadvantage making the call. Some of these plays would involve a trapped ball catch, fly ball hitting or clearing a fence, a legal catch when a fielder runs or falls into a fence or obstruction and drops the ball because of such collision, and other plays, especially when light conditions are not the best.

Sec. 6. RESPONSIBILITIES OF AN UMPIRE ASSIGNED TO OFFICIATE BY HIMSELF extends to all parts of the field, his duties and jurisdiction encompasses all those duties normally

covered when more than one umpire is assigned. While normally stationing himself behind the catcher to call balls and strikes and moving out on batted balls, he may and shall take any position on the field which will in his judgment enable him to best discharge his various miscellaneous duties.

Sec. 7. UMPIRES CANNOT BE CHANGED DURING THE PLAYING OF A GAME unless they become incapacitated due to any injury or illness.

Sec. 8. UMPIRE'S JUDGMENT DECISIONS MAY NOT BE APPEALED on grounds that he was not correct:

- A. On a decision involving a ball or strike.
  - B. That a batted ball was fair or foul.
  - C. That base runner was safe or out.
  - D. When a game is called for darkness, rain, panic, or other logical reasons.
- EFFECT Sec. 8. A-D. No decision shall be reversed by the umpire, involving his judgment, except if he is convinced he was in error. This could come from consulting another umpire working with him, as a result of his own requested conference.

Sec. 9. UMPIRES SHALL ENFORCE ALL THESE RULES:

- A. All rules governing the playing of the game are to be followed to the letter with no deviations from the rule permitted.  
EFFECT Sec. 9. A. After a warning by an umpire, the umpire should remove the offender from the game, if the offense is repeated. For major offense, remove offender at once.
- B. Each umpire has AUTHORITY to rule on any point or situation, not specifically covered in these rules.  
EFFECT Sec. 9. B. Umpires should not necessarily penalize an entire team because of the actions of one or more individuals. The violators are to be removed from the game.
- C. Umpires may refuse to impose a penalty for a violation when the impositions of such a penalty would benefit the offending team.  
EFFECT Sec. 9. C. As an example, a catcher's obstruction with the batter would result in a delay call.
- D. Umpires should work together and cooperate in every effort to assure correct decisions and fair rulings.  
EFFECT Sec. 9. D. This applies in all situations, such as sharply hit balls down the foul lines, tag plays on the batter-runner, batted ball hitting base runner, runner leaving any base too soon, or trap type catches; darkness or other weather conditions, players stalling or hastening the game or the pitcher and batter continuing to try to annoy the other excessively. Other times include

plate umpire watching the runner at first base or other base, when more than one runner is on base for leaving too soon, or the plate umpire following a batted ball down the right field line, while observing the runners at first base, when the base umpire is in his proper position out near second base, when the ball was batted. Base umpire should adjust to cover third base as well as second base when the plate umpire is delayed in getting to the best position. On other cooperation positions, the base umpire should be prepared to cover home plate, if and when the plate umpire gets trapped at third base while properly covering a play.

Sec. 10. SUSPENSIONS OF PLAY:

- A. The umpire may suspend play when in his judgment, at any situation or condition, justifies such action.
- B. WHEN IN THE OPINION OF THE UMPIRE ALL IMMEDIATE PLAY RESULTING FROM A BATTED BALL IS APPARENTLY COMPLETED, HE SHALL CALL "TIME."  
EFFECT Sec. 10. B. It is not necessary to return the ball to the pitcher, after a batted ball, to stop the base runners from advancing. When the base runners have ceased trying to move forward, or trying for the next advanced base, because the fielders have the live ball ahead of or in such a position, so that the runners have stopped their advance. the umpire shall call "TIME": especially when working the game as a SINGLE UMPIRE. In this case, the base runner, even though he is off his base, must then return to stay on the base which he has last touched and must remain on his base until he can legally leave the base.
- C. Play shall be suspended whenever the umpire leaves his proper position to brush the plate, or to perform other duties not directly connected with the calling of decisions.
- D. The umpire shall suspend play whenever a batter or pitcher steps out of position for a legitimate reason; the umpire should not permit either to continually repeat this action.
- E. The umpire shall not give a call or signal for "TIME" when a batter steps out of position after a pitcher has started his delivery motions.
- F. In case of injury or some incident, unforeseen before a batter hits a FAIR BALL, "TIME" shall not be called with the ball in play until all plays in progress have been completed, or the base runners have stopped at their bases.
- G. Umpires shall not suspend play for any reason, during live ball actions, at the request of players, coaches, or managers until all probable actions have been completed.
